WHEREAS, we, **Dustin P. NORD** having a residence of **2330 Mietaw Drive, Sarasota, FL 34239 USA**, and **Cynthia L. O'DONNELL** having a residence of **2330 Mietaw Drive, Sarasota, FL 34239 USA** (hereinafter "ASSIGNORS", which expression shall include their successors, assigns, and legal Representatives), have invented certain new and useful improvements in **PIPELINE SYSTEMS AND METHODS** as described in an International Patent Application, the specification of which:

was filed on **21 September 2013** as Application No. **PCT/US2013/061093**;

WHEREAS, NGI Technologies, LLC., (hereinafter "ASSIGNEE", which expression shall include its successors, assigns, and legal representatives), an entity organized and existing under the laws of the **State of Florida**, and having a usual place of business at **2330 Mietaw Drive, Sarasota, FL 34239** desires to acquire an interest in and to the invention, the application, and any and all Letters Patent or similar legal protection, foreign or domestic, to be obtained therefore, in accordance with agreements duly entered into with ASSIGNEE;

NOW, THEREFORE, to all whom it may concern be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ASSIGNORS have sold, assigned and transferred and by these presents do hereby sell, irrevocably assign and transfer unto said ASSIGNEE, its successors, assigns and legal representatives, the entire right, title and interest in and to the invention and to improvements in said invention throughout the world, the entire right, title and interest in and to the above-identified application, all corresponding domestic and foreign applications, all Letters Patent or similar legal protection issuing thereon, and all rights and benefits under any applicable treaty or convention; together with all ancillary rights relating thereto, together with the entire right, title and interest in and to all divisions, renewals, continuations, continuations-in-part, reexaminations, substitutions, reissues, and extensions, of such applications, and the right to apply for any of the foregoing thereof, and such Letters Patent as may issue thereon, free from all licenses, charges and other encumbrances, with the intent that all such Letters Patent shall vest in the name of the ASSIGNEE, or its successors or assigns, along with the right to recover and to bring proceedings to recover damages and/or obtain other remedies in respect of infringement of the Patents or any other United States or foreign rights in the invention; said invention, application and Letters Patent to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held by ASSIGNORS had this assignment and sale not been made; ASSIGNORS hereby convey all rights arising under or pursuant to any and all international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for Letters Patent;

AND, ASSIGNORS hereby further agree to promptly execute upon ASSIGNEE'S reasonable request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid invention to said ASSIGNEE, its successors, assigns and legal representatives, but at its expense and charges, including the execution of substitution, reissue, divisional or continuation applications and preliminary or other statements and the giving of testimony in any interference or other proceeding in which said invention or any application or patent directed thereto may be involved;
