ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is acknowledged, I, **Martin Paul Wilson**, a citizen of **the United Kingdom** residing at **Cambridgeshire, United Kingdom**, hereinafter referred to as Assignor, have sold, and hereby sell, assign and transfer to **Nujira Limited**, a Corporation organized and existing under the laws of **the United Kingdom**, having its principal place of business at **Building 1010, Cambourne Business Park, Cambourne, Cambridge, United Kingdom CB23 6DP**, hereinafter referred to as Assignee, its successors, assigns and legal representatives in interest, the entire right, title and interest, in and for the United States of America, in and to any and all inventions which are disclosed in the applications for United States Letters Patent entitled:

HIGH EFFICIENCY AMPLIFICATION

as listed in the attached **Schedule A**, in and to said applications and all divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States on any of said inventions; and in and to all original and reissued patents which have been or shall be granted in the United States on said inventions;

Assignor agrees that Assignee may apply for and receive Letters Patent for said inventions in its own name;

Assignor agrees that, at the request of the Assignee and, without charge to but at the expense of said Assignee, Assignor will carry out in good faith the intent and purpose of this Assignment; execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said inventions; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to Assignee, all facts known to the undersigned relating to said inventions and the history thereof; and generally do everything possible which Assignee shall consider desirable for aiding in securing and
