PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT (the "Assignment") is made effective as of the 2 day of February, 2014, by Water Resources International Ltd, a Maltese company having an address of 189/2 The Strand, Gzira, GZR 1024, Malta (the "Assignor").

WHEREAS, Assignor represents and warrants that it is the true and lawful owner of all right title, and interest in and to U.S. Patent No. 7,767,097, entitled "Ozonated Capacitive Deionization Process & Product Water," and all other patents and applications that claim priority thereto (the "Patent"); and

WHEREAS, Assignor desires to assign all right, title and interest in and to the Patent to Water Resources Group Ltd, an Australian company having an address of Level 3, 2 Ross Place, South Melbourne, Victoria 3205, Australia (the "Assignee") on the terms and conditions set forth in this Assignment.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby assign, sell, transfer and set over to Assignee, its successors and assigns, all right, title and interest in and to the Patent and all letters patent of foreign countries which may be or have been issued on the invention disclosed in the Patent, all divisions, reissues, reexaminations, continuations and continuations in part thereof, and all inventions disclosed in any of the foregoing, together with all claims for damages by reason of past or future infringement, with the right to sue for and collect the same, for the use and benefit of Assignee and its successors and assigns.

Assignor represents and warrants that it is the exclusive owner of the entire legal and equitable interest in the Patent and all inventions disclosed therein, free and clear of all liens and encumbrances, that it has full power, authority, and capacity to make this Assignment to Assignee, and that the person signing this Assignment on its behalf has the authority to do so on its behalf.

Assignor covenants and agrees, for itself and for its successors and assigns, that, at Assignee's request, Assignor will cause to be executed and delivered any applications, affidavits, assignments, and other documents and instruments as may be deemed necessary or desirable by Assignee to secure for or vest in Assignee, its successors or assigns all right,

title, and interest in and to any application, patent, or other right or property covered by this assignment, including the right to apply for and obtain patents in foreign countries under the provisions of the International Convention, and Assignor hereby requests and authorizes the United States Commissioner of Patents and Trademarks to issue any and all United States patents granted on the Patent to Assignee as owner of the entire right, title, and interest in and to the same, and authorizes appropriately empowered officials of foreign countries to issue any letters patent granted on the Patent to Assignee as owner of the entire right, title, and interest in and to the same.
