ASSIGNMENT

WHEREAS, I, Jerone R. Kollbaum, citizen of the United States of America, residing at 410 Farmwood Way, Canton, Georgia 30115, ASSIGNOR, am an inventor of one or more inventions disclosed, described, and/or claimed in the application referred to as Docket Number SSTA-0004 (the "Invention"), which is entitled **BOLLARDS AND METHODS OF MANUFACTURE AND USE THEREOF**, having United States patent application serial number 61/474,521, and which was filed on April 12, 2011 (the "Application");

AND WHEREAS, Shaw Stainless, LLC (d/b/a Shaw Stainless Alloy and Piping), ASSIGNEE, having a place of business at 899 Mountain Industrial Drive, Marietta, Georgia 30060, is desirous of obtaining my entire right, title, and interest in, to, and under the Invention and the Application:

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

I, the ASSIGNOR, HEREBY sell, assign, transfer, and set over, unto the ASSIGNEE, its successors, legal representatives, and assigns, my entire right, title, and interest in, to, and under the Invention, the Application, and all other applications concerning the Invention and/or the Application; including, without limitation, all applications for industrial property protection, all applications for patents, utility models, inventors' certificates, and designs that have been filed, and that may hereafter be filed, in any country or region, that disclose, describe, and/or claim the Invention and/or that claim priority to the Application, including, without limitation, the subject Application and/or any related applications, all extensions, renewals, and reissues of such applications, and all divisions and continuations in whole or in part of such applications; along with all patents granted on any such applications in any country or region, and all extensions, renewals, and reissues of such patents, including all divisions and continuations in whole or in part; the right to file such applications in any country or region; and the right to claim for such applications in any country or region the priority rights derived from the subject Application and any other priority application under the International Convention for the Protection of Industrial Property, the Patent Laws of the United States, any other international agreement or protection, or the domestic laws of any country in which any such application is filed, as may be applicable;

AND I HEREBY covenant and agree that I have full right to convey my entire interest herein assigned, and that I have not executed, and will not execute, any agreement in conflict herewith;

AND I HEREBY further covenant and agree that I will communicate to the ASSIGNEE, its successors, legal representatives, and assigns, any facts known to me respecting the Invention and the Application, and will testify in any legal proceeding, sign all lawful papers, execute all disclaimers and all divisional, continuing (whether in whole or in part), reissue, and foreign applications, make all rightful oaths, deliver upon request all papers, documents, affidavits, or other instruments that may be necessary or helpful in the prosecution of any application for
