## ASSIGNMENT

WHEREAS, **JAPD Consulting Inc.** (hereinafter "ASSIGNOR") owns one or more inventions described in a US patent application entitled **ANNULOSPLASTY WITH ENHANCED ANCHORING TO THE ANNULUS BASED ON TISSUE HEALING** and identified by Application No. **US 11/837,077** filed on **August 10, 2007**.

NOW, THEREFORE, to all whom it may concern be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR does hereby sell, assign and transfer unto **Cardiac Implants LLC**, an entity formed under the laws of Delaware, whose mailing address is c/o Paul Rachlin, 25 Lake Terrace, Tarrytown, NY 10591, its successors, assigns, and legal representatives (hereinafter "ASSIGNEE"), to have and to hold ASSIGNOR'S entire right, title and interest in and throughout the world, including the United States of America, its territories and all foreign countries, in and to the invention(s) described in said application, together with ASSIGNOR'S entire right, title and interest in and to said application and such letters patent as may issue thereon or claim priority under United States law or international convention therefrom, including but not limited to national applications, regional applications, non-provisionals, continuations, divisionals, reissues, reexaminations, extensions, and substitutions of said application or such letters patent, and any right, title and interest ASSIGNOR may have in provisional applications to which said application claims priority; said invention(s), applications and letters patent to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said letters patent may be granted as fully and entirely as the same would have been held by ASSIGNOR had this assignment and sale not been made. ASSIGNOR hereby conveys all of ASSIGNOR'S rights arising under or pursuant to any and all United States laws and international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for letters patent, including but not limited to any cause(s) of action and damages accruing prior to this assignment. ASSIGNOR hereby acknowledges that this assignment, being of ASSIGNOR'S entire right, title and interest in and to said invention(s), carries with it the right in ASSIGNEE to apply for and obtain from competent authorities in all countries of the world any and all letters patent by attorneys and agents of ASSIGNEE'S selection and the right to procure the grant of all letters patent to ASSIGNEE in its own name as assignee of ASSIGNOR'S entire right, title and interest therein.

AND, ASSIGNOR hereby further agrees to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid invention(s) to said ASSIGNEE, its successors, assigns, and legal representatives, but at its or their expense and charges, including the execution of national applications, regional applications, non-provisional, substitution, continuation, divisional, reissue, reexamination, or corresponding foreign or international patent applications.

AND, ASSIGNOR hereby further agrees to provide statements or testimony in any proceeding in which said invention(s) or any application or patent directed thereto may be involved.
