ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, as the inventor of record, or we, as the joint inventors of record, hereby assign to:

**State Farm Mutual Automobile Insurance Company
One State Farm Plaza, A-3
Bloomington, Illinois 61710**

and its successors and assigns (collectively hereinafter called "Assignee"), the entire right, title, interest and right to sue throughout the world in the inventions, designs, and improvements which are the subject of the Application.

This assignment covers the Application and all patents which may be granted therefor, and all provisionals, divisionals, reissues, continuations, continuations-in-part and any extensions thereof.

I/we assign to Assignee all right, title and interest in and to the invention disclosed in the Application throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said invention in its own name throughout the world, including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries.

I agree to execute all papers in the USPTO in connection with the Application and any divisionals, reissues, continuations, continuations-in-part and any extensions thereof, including any powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection with any of such applications as the Assignee may deem necessary or expedient.

I agree to execute all papers in connection with any post-grant proceeding that may occur in connection with the Application or any divisional, reissue, continuation, continuation-in-part or any extension thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such post-grant proceeding.

I agree to execute all papers and documents and perform any act which may be necessary in connection with claims or provisions of the Paris Convention for Protection of Industrial Property or similar agreements, including the right to claim priority and the right to be granted a patent in any PCT Contracting State, in relation to the Application or any divisional, reissue, continuation, continuation-in-part or any extension thereof.

I agree to communicate to Assignee any facts known to me with Assignee respecting any improvements in the invention disclosed in the Application; and, at the expense of Assignee, I agree to testify in any legal proceedings, sign all lawful papers, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee in obtaining and enforcing proper protection for said invention in all countries.

I hereby authorize and request the USPTO to issue any and all Letters Patents resulting from the Application or any divisional, reissue, continuation, continuation-in-part or any extension thereof to the Assignee, as Assignee of my entire interest, and affirm and agree that I have not executed, and will not execute, any agreement in conflict herewith.
