ASSIGNMENT

For good and valuable consideration, I (We),

Albana Ilo, residing at Pfalzauer Str. 60, Pressbaum, 3021, AT, citizen of AT

hereafter individually or collectively referred to as "Assignor(s)";

Hereby, (I) acknowledge having previously assigned and transferred to **Siemens AG Österreich**, a corporation organized and existing under the laws of AUSTRIA, having its principal place of business at Siemensstraße 90, Vienna, 1210, hereinafter "Assignee", its successors, assigns and legal representatives, pursuant to the laws of AUSTRIA the entire right, (including any and all priority rights, and the right to sue and recover damages for past, present and future infringement) title and interest, in and for the United States and all foreign countries, in and to any and all inventions or improvements which are disclosed in the below-identified documents currently filed with this Assignment, already filed or granted for Letters Patent (in which case, any provision of the subject Assignment that is in conflict with or is in addition to any provision in the prior agreement(s) or assignment(s) then this Assignment shall govern, take precedence, and be of legal effect),

(Patent Application Title: **METHOD FOR REGULATING A POWER SUPPLY SYSTEM**

Filing Date (MM/DD/YYYY): **10/30/2012**

Filing Number: **PCT/EP2012/071461**

Internal Case Number(s): **2012P25178WOUS**

and in and to said application(s) or granted patents and all applications claiming priority to said application or granted patent, including, without limitation, and all divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of the inventions and/or improvements disclosed in the above-identified documents; and in and to all original and reissued patents which have been or shall be filed in the United States and all foreign countries on the inventions and/or improvements disclosed in the above-identified documents;

(II) Agree that said Assignee may apply for and receive Letters Patent for said inventions and/or improvements disclosed in the above-identified documents in its own name; and that, when requested, without charge to but at the expense of said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said inventions and/or improvements disclosed in the above-identified documents; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns, and legal representatives, all facts known to the undersigned relating to said inventions and/or improvements disclosed in the above-identified documents and the history thereof; and generally do everything possible which said Assignee, its successors, assigns or legal representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said inventions and/or improvements and for vesting title to said inventions and or improvements and all applications for patents and all patents on said inventions and/or improvements disclosed in the above-identified documents, in said Assignee, its successors, assigns and legal representatives; and

(III) Covenant with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
