ASSIGNMENT AGREEMENT

WHEREAS, I, John V. Siglock, an individual having an address of 4029 N. Bennington, #104, Kansas City, MO 64117, have invented certain new and useful improvements in:

ENERGY INTERFACE SYSTEM

(the "Invention") which is the subject of U.S. Patent Application No. 14/554,819 filed on November 26, 2014; and

WHEREAS, Milbank Manufacturing Co. ("Assignee"), a Missouri company having a place of business at 4801 Deramus, Kansas City, MO 64120, is desirous of acquiring an interest in and to the Invention[s], all patent applications, and all Letters Patent that may be granted for or upon the Inventions in the United States of America and all countries foreign to the United States.

NOW THEREFORE, on the date shown below, and for good and valuable consideration the receipt and sufficiency of which I acknowledge:

1. I have and do hereby assign, transfer, and convey to Assignee the entire right, title and interest in and to:

- (a) the Invention(s) as set forth and described in said Application;
- (b) the application for United States Letters Patent executed by me on November 26, 2014;
- (c) all provisional and non-provisional patent applications that may hereafter be filed in the United States with respect to the Invention(s);
- (c) all Letters Patent issued pursuant to, or as a result of, the applications referenced above;
- (d) all provisional and non-provisional applications for Letters Patent, or similar legal protection, which may be filed in any country or countries foreign to the United States with respect to the Invention(s);
- (e) all Letters Patent which may be granted for the Invention(s) in any country or countries foreign to the United States;
- (f) all extensions, renewals, reissues, divisions, and continuations, continuations-in-part (or their legal equivalents) of any applications or Letters Patent referred to above; and
- (g) all claims for damages by reason of past infringement of any of the foregoing, with the right to sue and collect therefor.

2. I authorize and request the Commissioner of Patents and Trademarks of the United States, and any official of any country or countries foreign to the United States whose duty it is to issue patents or similar legal protection on applications, to issue to Assignee all Letters Patent or similar legal protection for the Invention or improvements.

3. I agree that, upon the request of Assignee, I will:

- (a) execute any and all divisional and renewal applications for the Invention or improvements;
- (b) execute any supplemental oath relating to the Invention or improvements;
- (c) execute any application for reissue or extension of any Letters Patent that may be granted upon the application;
- (d) cooperate to the best of my ability in connection with any [infringement litigation or] Interference proceeding, including but not limited to, cooperation in connection with preparing the preliminary statement and giving and producing evidence in support of such preliminary statement;
- (e) perform any and all affirmative acts to obtain Letters Patent and vest all right in such Letters Patent in Assignee; and
- (f) perform such additional acts as Assignee may deem necessary or expedient in connection with any of the matters stated above.

4. I covenant and warrant that, as of the date of this Assignment Agreement, I am the true and lawful inventor of the Invention and that I have not and will not execute any agreement in conflict with this Assignment Agreement.

5. This Assignment Agreement is binding upon, shall inure to the benefit of, and shall be performed by the parties named, their heirs, administrators, legal representatives, successors and assigns.

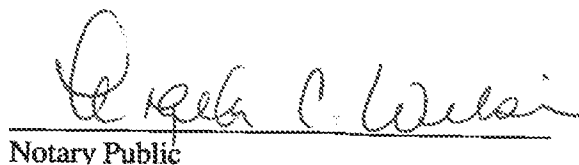

Dated this 7 day of MAY, 2015
