Re: Slick Lift

Dear Mr. Larson:

Pursuant to our recent discussions, enclosed please find two original fully-executed Patent Assignments with regard to the Patent Application for Slick Lift in Canada, as well as two fully-executed Patent Assignments with regard to the Slick Lift Patent Application in the United States.

Obviously, these documents are very important. Please keep them with other All Haul Roll-Off Systems Inc. records. These documents evidence the assignment of patents to your company.

Also, please let me know if you would like me to have the Assignments filed in the appropriate patent offices. This should be done. It gives notice to the public, as well as the offices, as to the true holder of the respective patents.

Sincerely,

TERPSTRA, BLACK & MOORE, LTD.
