ASSIGNMENT OF INTELLECTUAL PROPERTY
(Trademark & United States and Canadian Patents and Patent Applications)

Assignment of Intellectual Property, dated as of March 1, 2015, by and among the undersigned parties ("Parties") in their respective capacities as set forth below and each representing that they are fully authorized to enter into this agreement.

WHEREAS, Innovatech Corp. ("*Innovatech*"), a corporation formed under the laws of the state of Nevada with an address at 2002-B Hazel Street, Birmingham, MI 48009; and

WHEREAS, DPM Therapeutics ("*DPM*"), a corporation formed under the laws of the province of Ontario, Canada; and,

WHEREAS, Innovatech and DPM are each owners of certain new and useful inventions set forth in Schedule A ("*Intellectual Property*") to this Assignment of Intellectual Property; and,

WHEREAS, Innovatech and DPM (individually each an "*Assignor*" and jointly the "*Assignors*") want to confirm and ratify any and all prior transfers of the Inventions and, to the extent not previously transferred to transfer immediately and concurrently with the execution of this Assignment of Intellectual Property, to Transdermal Corp. ("*Transdermal*"), a Nevada corporation having an address at 2002-B Hazel Street, Birmingham, MI 48009, the entire right, title and interest in and to the inventions and all Intellectual Property in connection therewith throughout the United States and the world, and all right, title and interest in, to an under any and all Letters Patent of the United States and all countries throughout the world; and,

WHEREAS, Transdermal is desirous of acquiring, as assignee ("*Assignee*") the entire right, title and interest in and to the inventions and all Intellectual Property in connection therewith throughout the United States and the world, and all right, title and interest in, to an under any and all Letters Patent of the United States and all countries throughout the world;

WHEREAS, Transdermal IP Corp. ("*TIP*"), a Nevada Corporation, the wholly-owned subsidiary of Transdermal wants to consent to the transfer, in and to the extent that any of the Intellectual Property was previously assigned or transferred to TIP;

NOW THEREFORE, in consideration of the premises and to induce Transdermal to accept the transfer of the Intellectual Property and to prosecute and otherwise continue to maintain the Intellectual Property and for one dollar (\$1.00) receipt of which is acknowledged and other good and valuable consideration, the full receipt, sufficiency and adequacy of which is hereby expressly confirmed and acknowledged by the Assignors, and the Assignors intending to be legally bound, do hereby agree as follows:

1. Each recitation set forth above is expressly reaffirmed and made a part of this Assignment of Intellectual Property as if set forth in its entirety, with each of the recited parties above intending to be legally bound thereby.

2. Each Assignor SELLS, ASSIGNS, TRANSFERS and CONVEYS to ASSIGNEE the whole and entire right, title and interest for the United States and its possessions and territories and all foreign countries in and to the inventions and the Intellectual Property which is disclosed in the above-identified Intellectual Property set forth in Schedule A, including, but not limited to, any and all trade-mark and patent applications related thereto including, but not limited to, all provisionals, non-provisionals, divisional, continuations, continuations-in-part, substitutes, reexaminations, reissues and all other applications for patent which have been or shall be filed in the United States and all foreign countries on the inventions and Intellectual Property; all original, reissued and reexamined patents and extensions thereof which have been or shall be issued in the United States and all foreign countries on the invention to the full end of the term or terms for which the patent(s) may be granted, as fully and entirely as if the same would have been held by the undersigned ASSIGNOR had this Assignment not been made; and specifically including all rights of priority created by the above trade-mark and patent applications under any treaty, convention or law relating thereto.
3. ASSIGNORS authorize and request that each and every issuing authority issue any and all United States and foreign trade-marks and patents granted on the invention to ASSIGNEE.
4. ASSIGNORS warrant and represent that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been or will be made to others by ASSIGNORS, and that the full right to convey the same as herein expressed is possessed by ASSIGNORS.
5. TIP warrants and represents that, to the extent that any of the Intellectual Property was previously assigned or transferred to TIP, no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been or will be made to others by TIP, and that the full right to convey the same as herein expressed is possessed by TIP.
6. ASSIGNORS agree and represent that, when requested and at the expense of ASSIGNEE, to carry out in good faith the intent and purpose of this Assignment, ASSIGNORS will execute all non-provisionals, divisional, continuations, continuations-in-part, substitutes, reexaminations, reissues, and all other patent applications on the invention; execute all lawful oaths, declarations, assignments, powers of attorney and other papers; communicate to ASSIGNEE all facts known to ASSIGNORS relating to the invention and the Intellectual Property and the history thereof; and generally do everything possible which ASSIGNEE shall consider desirable for vesting title to the invention and Intellectual Property in ASSIGNEE, and for securing, maintaining and enforcing proper trade-mark and patent protection for the invention; all without further compensation to ASSIGNORS.

7. ASSIGNORS agree to hold in trust, keep confidential, not make use of, and not disclose or reveal to any third party said invention and the Intellectual Property, without ASSIGNEE'S prior written consent.
8. The Parties hereto agree that this Assignment of Intellectual Property is and shall be binding on the heirs, assigns, representatives and successors of ASSIGNORS and extending to the successors, assigns, and nominees of ASSIGNEE.
9. This Assignment of Intellectual Property may be executed in any number of counterparts, all of which shall constitute one and the same document, and any party hereto may execute this Assignment of Intellectual Property by signing and delivering one or more counterparts. Delivery of an executed agreement by telecopier or other electronic transmission (i.e. a "pdf" or "tiff" document) shall be effective as delivery of a manually executed counterpart of this Assignment of Intellectual Property.

IN WITNESS WHEREOF, the Parties have caused this Assignment of Intellectual Property to be executed and delivered effective as of March 1, 2015 and deemed delivered by each of their duly authorized officers as of the date first set forth above
