### RECITALS:

WHEREAS, Rosebay owns the entire right, title and interest in an invention relating to the Pre-Constructed Building Unit Construction and Transportation Structure and Method, said invention described further in a patent application identified as Attorney Docket No. P72557US01rNJ, at Bradley Arant Boult Cummings LLP, One Federal Place, 1819 5<sup>th</sup> Avenue North, Birmingham, Alabama 35203, and filed on August 31, 2006, as U.S. Application Serial No. 11/469,389 (the invention and application referred to herein as the "Application"); and

WHEREAS, Rosebay desires to sell, assign, and transfer its interest in the Application to Assignee.

### AGREEMENT:

NOW, THEREFORE, in consideration of the mutual benefits and burdens of the parties and other good and valuable consideration paid in hand to each party, the receipt and sufficiency of which are hereby acknowledged, Rosebay, intending to be legally bound, agrees as follows:

1. Rosebay agrees to sell, assign, and transfer and hereby does sell, assign and transfer unto Assignee and its successors, assigns and legal representatives, the entire right, title and interest, for all countries in and to certain patent applications and inventions relating to, claiming the benefit of or priority to the Application, and the invention(s) and improvement(s) set forth therein, including any and all continuations, continuations-in-part, divisionals, and renewals of and substitutes for the Application and their equivalents in U.S. and/or foreign jurisdictions and all the rights and privileges under any and all patents that may be granted therefore in any country, and any reissues, or reexaminations, or extensions of patent granted from any of the above and their equivalents in any jurisdiction. Rosebay requests that any and all patents issuing from said applications be issued to said Assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.
2. Rosebay agrees that, when requested, it will, without charge to said Assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said Assignee, its successors, assigns and legal representatives or nominees.
3. Rosebay authorizes and empowers said Assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from it.

4. Rosebay hereby consents that a copy of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of said Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.
5. Rosebay covenants with said Assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that it has full right to convey the same as herein expressed.
