## **ASSIGNMENT**

For value received, receipt and sufficiency of which are hereby acknowledged, **Geohumus International Research and Development GmbH** (hereinafter referred to as "the Assignor") owner of the full right, title and interest in United States Patent No. **7,652,080**, granted on 26 January 2010, which issued from U.S. Patent Application Serial No. 12/008,136, filed on 8 January 2008, hereby:

1. Assigns, transfers and conveys to **GEOHUMUS GMBH**, having an office at Industriepark Allessa, Gebäude 32, Alt-Fechelheim 34, 60386 Frankfurt am Main, hereinafter referred to as "the Assignee") the entire right, title and interest in and to said inventions and discoveries, including the right to any and all past damages for infringement, said Letters Patents of the United States of America and any and all Letters Patent, reissues, and extensions of letters Patent granted for said inventions and discoveries or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications, and said Letters Patent.

2. Authorize and request the Commissioner of Patents and Trademarks of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title, and interest therein or otherwise as Assignee may direct.

3. Warrant that the Assignor has not knowingly conveyed to others any right in said inventions, discoveries, applications, or patents or any license to use the same or to make, use, or sell anything embodying or utilizing any of said inventions or discoveries; and that the Assignor has good right to assign the same to Assignee without encumbrance.

4. Bind the Assignor's heirs, legal representatives, and assigns, as well as the Assignor, to do, upon Assignee's request and at Assignee's expense, but without additional consideration, all acts reasonably serving to assure that the said inventions and discoveries, the said patent applications, and the said Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by the Assignor, its heirs, legal representatives, and assigns if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to communicate to Assignee all facts known to the Assignor, its officers and employees, relating to said inventions and discoveries or the history thereof; and to furnish

the Assignee with any and all documents, photographs, models, samples, and other physical exhibits in the Assignor's control or in the control of the Assignor's heirs, legal representatives, or assigns which may be useful for establishing the facts of conceptions, disclosures, and reduction to practice of said inventions and discoveries.
