PATENT ASSIGNMENT

This Patent Assignment (the "Assignment") is made from IntelliDx, Inc., a Delaware corporation ("Assignor"), to Intellectual Inspiration, LLC, a Texas limited liability corporation ("Assignee").

Assignor desires to assign to Assignee all of Assignor's right, title and interest in and to the patents and patent applications any and all divisional applications, continuing applications, or reissue patents restated thereto or based thereon, any and all patents issuing thereon, and any and all foreign patents and patent applications corresponding thereto or relying thereon for its filing or convention date (the "Patents"), as set forth in the Agreement for Acceptance of Collateral in Full Satisfaction of Debt entered into by and among Assignor, Assignee, Venture Lending & Leasing IV, Inc., a Maryland corporation and Venture Lending & Leasing V, Inc., a Maryland corporation as of December 31, 2012 (the "Acceptance Agreement"), including, without limitation, those identified on Exhibit A of the Acceptance Agreement, which Exhibit is attached hereto as Exhibit A, together with the good will of the business pertaining thereto.

In consideration for Assignee's obligation under the Acceptance Agreement and for other good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, Assignor does hereby assign, transfer, grant, sell and otherwise convey to Assignee all of Assignor's right, title and interest in and to the Patents, including all common law rights therein, applications to register therefor, together with the good will of the business symbolized by the Patents and all claims for damages by reason of past infringements of the Patents with the right to sue for and collect the same for its own use and benefit, and for the use and on behalf of its successors, assigns and other legal representatives. Assignor authorizes the Commissioner of Patents and Trademarks of the United States of America, and the empowered officials of all other governments to issue or transfer all said patents and patent applications to Assignee, as assignee thereof, or otherwise as Assignee may direct.
