For good and valuable consideration, the receipt of which is hereby acknowledged, I hereby assign, transfer and convey to the Ann Rogers Business Trust, a trust created and existing under and by virtue of the laws of the State of Kansas; the trustee of which is Larry Blessing, Shawnee Mission, Kansas; it's successors, legal representatives and assigns, the entire right, title and interest in and to my invention for improvements in METHOD AND APPARATUS FOR CONTROLLING FECAL ODORS, being identifiable in the United States Patent and Trademark Office by U.S. Patent Application Serial No. 11/897,452, filed August 30, 2007 (and claiming the benefit of U.S. Provisional App. Ser. No. 60/842,828, filed September 7, 2006); and to the Letters Patent which may issue pursuant to said U.S. patent application, and any divisions, continuations, reissues and extensions thereof, and all applications for Letters Patent, or similar legal protection which may hereafter be filed for said invention in any country or countries foreign to the United States, and all Letters Patent which may be granted for said invention in any country or countries foreign to the United States, and all extensions, renewals and reissues thereof or legal equivalent thereof.

I hereby authorize and request the Commissioner of Patents and Trademarks of the United States, and any official of any country or countries foreign to the United States whose duty it is to issue patents or similar legal protection on applications aforesaid, to issue all Letters Patent or similar legal protection for said invention to said Ann Rogers Business Trust, the same to be held by said Ann Rogers Business Trust for its own use and behoof and for the use and

behoof of its successors, legal representatives, or assigns, to the full end of the term for which said Letters Patent or similar legal protection are or may be granted, as fully and entirely as the same would have been held and enjoyed by me had this assignment and sale not been made.

For said consideration, I hereby agree, upon the request of said assignee, its successors, legal representatives and assigns, to execute any and all divisional and renewal applications for said invention or improvements and any supplemental oath relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application that said assignee, its successors, legal representatives or assigns may deem necessary or expedient, and for said considerations, I further agree, upon the request of said assignee, its successors, legal representatives or assigns, in the event of said application or any division thereof, or Letters Patent issued thereon, or any reissue or application for the reissue thereof, becoming involved in Interference, to cooperate to the best of my ability with said assignee, its successors, legal representatives or assigns in the matters of preparing the preliminary statement and giving and producing evidence in support thereof. I hereby agree to perform, upon such request, any and all affirmative acts to obtain said Letters Patent and vest all rights therein hereby conveyed in said assignee, its successors, legal representatives and assigns, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made, and I hereby covenant and warrant that as of the date hereof I am the true and lawful owner of the entire right, title and interest in said invention, application for Letters Patent aforesaid, and the Letters Patent which may issue pursuant thereto, and have the full right and power to convey the same, and that
