ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the undersigned: **Gilad Parann-Nissany, Yaron Sheffer, Alon Rosen** (hereinafter called the "Assignors"), hereby assign and transfer to:

Porticor Ltd.
Haharash 4, Hod Hasharon 4527607 ISRAEL

(hereinafter called the "Assignee"), its successors, assignees, nominees, or other legal representatives, the Assignors' entire right, title, and interest, including, but not limited to, copyrights, trade secrets, trademarks and associated good will and patent rights in the Invention and the registrations to the Invention entitled:

**"Methods and Devices for Securing Keys
 When Key-Management Processes Are Subverted by an Adversary"**

described and claimed in the following patent applications: US Non-Provisional Patent Application, identified as FlashPoint IP attorney docket No. 6/11 to be filed with the USPTO, and PCT application identified as FlashPoint IP attorney docket No. 6/12 to be filed with the Israel Patent Office as the Receiving Office, and the Patent Application identified as FlashPoint IP attorney docket No. 6/13 to be filed with the Patent Office in Australia, and the Patent Application identified as FlashPoint IP attorney docket No. 6/14 to be filed with the European Patent Office; executed on the same date as this assignment, and claiming priority to US provisional patent application no. 61/992,935; including any and all inventions and improvements ("Subject Matter") disclosed therein, all right of priority in the above application(s) and in any underlying provisional or foreign application, all provisional, utility, divisional, continuation in whole or in part, substitute, renewal, reissue, PCT, and other applications, and national phase entries related thereto which have been or may be filed in any jurisdiction, and all patents, including reissues, extensions and reexaminations, which may be granted on any of the above applications, the priority rights under International Conventions, and the Letters Patent which may be granted thereon, together with all rights to recover damages for infringement, including infringement of provisional rights.

Assignors agree that Assignee may apply for and receive patents for Subject Matter in Assignee's own name. Assignors further agree, if and when requested, and without further consideration, to execute all papers necessary (if any) to fully secure to Assignee the rights, titles and interests herein conveyed. Assignors represent that Assignors have the rights, titles, and interests to convey as set forth herein, and covenant with Assignee that Assignors have not made and will not make any other assignment, grant, mortgage, license, or other agreement affecting the rights, titles, and interests herein conveyed.

Signed and sealed this 7th day of May 2015.
