**ASSIGNMENT**

WHEREAS, we, Jay S. Tourigny, residing at 73 Dyer Avenue, Collinsville, Connecticut 06022; and Wells Cunningham, residing at 39 Maple Hollow Road, New Hartford, Connecticut 06057; (below referred to as "ASSIGNORS") are the inventors of an invention entitled "Test Kit For Detecting Acids In Refrigerant Lubricating Oils and Method of Use" for which a provisional patent application bearing said title was filed on March 15, 2013, Serial Number 61/793,249; and

WHEREAS, Zynon Technologies, LLC, (below referred to as "ASSIGNEE") a limited liability company of the State of Connecticut, having a place of business at 595 John Downey Drive, New Britain, Connecticut 06051, is desirous of obtaining the entire right, title and interest in and to the aforesaid invention and the aforesaid patent application describing it;

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt, adequacy and sufficiency of which are acknowledged, ASSIGNORS hereby sell, assign and transfer to ASSIGNEE the full and exclusive right, title and interest in and to the aforesaid invention, the aforesaid U.S. provisional patent application and any and all derivative U.S. patent applications which claim priority of or are otherwise based on or derived therefrom (said provisional and derivative U.S. patent applications being sometimes collectively referred to below as "the aforesaid U.S. applications"), and any and all foreign patent applications claiming said invention or based on or claiming priority from the aforesaid U.S. applications or any of them, including any and all divisional, continuation, continuation-in-part, re-examination, reissue and comparable applications based on any of the aforesaid derivative U.S. application or on any of the aforesaid foreign patent applications, and any and all Letters Patent or comparable rights issuing thereon in the United States and in all foreign countries, together with all rights of priority based on the filing of any of the aforesaid U.S. applications arising under the International Convention for the Protection of Industrial Property and any and all other international agreements to which the United States of America adheres, and we hereby authorize and request the U.S. Commissioner of Patents and Trademarks and officials of any international organization and any country or countries foreign to the United States whose duty it is to issue patents or comparable rights on patent applications as aforesaid, to issue all Letters Patent or comparable rights for said invention issuing on any application as aforesaid to ASSIGNEE or to the successors, assigns or legal representatives, if any, of ASSIGNEE.

ASSIGNORS further agree, upon request of ASSIGNEE and without further remuneration, to execute any and all lawful papers and make all rightful declarations and oaths as

needed for the filing and prosecution of the aforesaid U.S. and foreign patent applications and granting of Letters Patent or comparable rights thereon, and further to supply to ASSIGNEE all facts and evidence known to them relating to said invention and the history and development thereof, to testify in all interferences, suits, and other legal proceedings, and generally to do everything rightful which ASSIGNEE shall consider desirable for aiding in securing, maintaining, and enforcing proper patent protection for said invention and for the perfecting of title thereto in ASSIGNEE.

ASSIGNORS further covenant that they have the lawful right to assign the interest in said invention in the manner and form as herein expressed and that the interests herein conveyed are free from prior assignment, grant, mortgage, license or other encumbrance whatsoever.

This assignment is executed by the respective ASSIGNORS on the date or dates indicated below opposite their respective signatures.
