ASSIGNMENT

For a valuable consideration of €1, We, the undersigned, hereby sell, assign and transfer unto Diageo Ireland, a corporation having a principal place of business at St. James's Gate, Dublin 8, Ireland, the whole right, title and interest in and to a certain invention, inventions or improvements in an invention entitled:

"A BEVERAGE CONTAINER"

and disclosed in a GB patent application, said GB patent application being identified in the GB Patent Office as GB Patent Application No. 1214488.7, filed August 14, 2012, and further disclosed in a PCT patent application, said PCT patent application being identified as PCT Patent Application Serial No. PCT/EP2013/066999, filed August 14, 2013, and in and to the U.S. national stage patent application and any other national stage applications therefor including Europe (Application No. 13750551.7), South Africa and Nigeria, and in and to any United States Letters Patent therefor, when issued, together with all improvements thereon, and betterments thereof, all divisionals, continuations, continuations-in-part and reissues thereof and substitutions of or for said application, and any and all other foreign patent applications therefor, and all rights and privileges under the Letters Patent that may be granted therefor, including the right to claim the benefit of an earlier filing date for the same invention in a foreign country.

I, the undersigned, hereby authorize and request the Commissioner of Patents to issue the Letters Patent that may be granted for said invention, inventions or improvements to Diageo Ireland.

For the same consideration, I, the undersigned, hereby agree that I will promptly communicate to the aforesaid assignee or its assigns full and complete information concerning said improvements or betterments of the invention or inventions disclosed in said application, and will cooperate at any time upon request of said assignee or its assigns, at its expense, in the procurement of patent protection to cover the invention or inventions herein assigned and to be assigned, including the execution of new, divisional, continuation, continuation-in-part, and reissue applications; will make all rightful oaths; will testify in any proceedings in the United States Patent Office or in the Courts; and generally will do everything lawfully possible to aid said assignee, its successors, assigns and nominees to obtain, enjoy and enforce proper patent protection for the inventions embraced within the terms of this document.
