**WHEREAS**, Seller owns certain assets used in the following production lines at its facility located at 102 MacArthur Road, Whitehall, Pennsylvania: (1) production line for shelf stable yogurts, puddings and gelatins; and (2) production line for liquid concentrate energy shots; and

**WHEREAS**, Seller desires to sell, and Purchaser desires to purchase, all of Seller's right, title and interest in and to certain of Seller's assets used in the above-referenced production lines, and Seller and Purchaser desire to enter into this Bill of Sale to provide therefore; and

**WHEREAS**, the Shareholder is a shareholder of Seller and desires to join in certain of the representations and covenants contained herein;

**NOW, THEREFORE**, for and in consideration of the foregoing premises and the mutual covenants and conditions set forth herein, and for other good and valuable consideration, the adequacy and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. **Purchase and Sale; Purchased Assets.** Subject to the terms and conditions herein provided, Seller, in consideration of Purchaser's payment of the Purchase Price (as hereinafter defined), shall sell, transfer and assign to Purchaser, and Purchaser, in consideration of such sale, transfer and assignment by Seller and the representations, warranties and covenants of Seller and the Shareholder contained herein, shall purchase and acquire from Seller on the date hereof, all of Seller's right, title and interest in and to all of the assets of Seller used in the above-referenced production lines specifically listed on Exhibit "A" attached hereto (collectively, the "Purchased Assets").

2. **Excluded Assets.** Notwithstanding anything in this Bill of Sale to the contrary, the Purchased Assets shall not include any of Seller's assets not specifically listed on Exhibit "A" attached hereto.

The Purchase Price shall be paid as follows: (1) Purchaser shall wire \$140,000 to Citibank, N.A. to be applied to Seller's line of credit in exchange for Citibank, N.A. releasing any and all of its liens, UCC financing statements and security interests against the Purchased Assets; (2) Purchaser has previously wired \$60,000 to

(3) Purchaser shall wire \$10,000 to \_\_\_\_\_.

4. **Not Sale of Business.** This transaction constitutes the sale and transfer of certain assets by Seller and not the sale of a business.

5. **Seller's Liabilities.** Purchaser shall assume no liability or obligation of Seller of any kind, and Seller agrees to pay and satisfy all obligations and liabilities of Seller, whether fixed, contingent, known or unknown and whether now existing or hereafter arising, which would affect in any way the Purchased Assets after the Closing.

6. **Bulk Sales.** Seller and the Shareholder hereby jointly and severally agree to indemnify and hold harmless Purchaser from and against any claims arising out of or due to the failure to comply with any bulk sales laws of any applicable jurisdiction.

7. **Representations and Warranties of Seller and the Shareholder.** As an inducement to Purchaser to enter into this Bill of Sale and to consummate the transactions contemplated hereby, Seller and the Shareholder, jointly and severally, represent, warrant and covenant as follows:

---

(a) Seller has good and marketable title to all of the Purchased Assets, free and clear of all mortgages, pledges, liens, security interests, encumbrances or restrictions of every kind and nature.

(b) There is no claim, action, counterclaim, suit, proceeding or investigation pending or threatened against, by or affecting Seller in any court or before any arbitrator or governmental agency which has or might have an adverse effect on any of the Purchased Assets.

(c) Seller and the Shareholder have full power and authority to make, execute and perform this Bill of Sale and the documents and transactions contemplated hereby. This Bill of Sale constitutes the valid and legally binding obligation of Seller and the Shareholder, enforceable in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization or other similar laws affecting the rights of creditors generally.

(d) Seller has duly and timely filed all federal, state, local and other tax returns, estimates and reports required to be filed by it. All such returns are, or will be when filed, true, complete and correct in all material respects and Seller has paid or will pay all federal, state and local income, profits, gross receipts, sales, use, real or personal property, withholding, social security, payroll, excise and other taxes, charges, fees and governmental charges (including all interest and penalties) (collectively "Taxes") imposed upon or claimed to be owed by, the Seller, which are due and payable or claimed by any taxing authority to be due and payable through periods ending on or before the

date hereof, in each case to the extent Purchaser would incur liability for Seller's failure to file such returns or pay such Taxes.

8. **Indemnification.** Seller and the Shareholder shall, jointly and severally, indemnify and hold harmless Purchaser, its employees and agents (each, a "Purchaser Indemnitee"), against and in respect of any and all loss, damage, liability, cost and expense, including costs of proceedings and reasonable attorneys' fees, suffered or incurred by a Purchaser Indemnitee by reason of, or arising out of:

(a) any misrepresentation, breach of warranty or breach or nonfulfillment of any agreement of Seller or the Shareholder contained in this Bill of Sale;

(b) all obligations and liabilities of Seller, direct or indirect, fixed or contingent, known or unknown; and

(c) any and all claims, liabilities, obligations, damages, costs and expenses, known or unknown, fixed or contingent, claimed or demanded by third parties against Purchaser arising out of or resulting from Seller's ownership of the Purchased Assets.

11. **Miscellaneous.**

(a) This Bill of Sale is executed and delivered in, and shall be governed by, construed and enforced in accordance with, the laws of the State of Georgia.

(b) This Bill of Sale shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

(c) This Bill of Sale may be executed in one or more counterparts, each of which shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

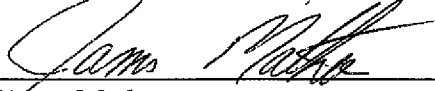

(d) This Bill of Sale supersedes all prior discussions and agreements between the parties with respect to the sale of the Purchased Assets to Purchaser and the other matters contained in this Bill of Sale, and this Bill of Sale contains the entire agreement between the parties hereto with respect to the transactions contemplated hereby.

(e) Any term or condition of this Bill of Sale may be waived in writing at any time by the party hereto which is entitled to the benefit thereof.

IN WITNESS WHEREOF, the parties have executed this Bill of Sale as of the date first above written.
