ASSIGNMENT

WHEREAS, we Robert J. McKinnon of 10036 S. Stratford Place, Highlands Ranch, CO 80125 and James Dale Bickley of 1097 S. Speckled Stone Way, Tucson, AZ 85710 have invented a certain new and useful invention entitled "*Reservoir System for Gas Delivery to a Patient*," for which an application for Letters Patent of the United States has been prepared and filed on July 22, 2011, receiving Serial No. 13/188,793 and further identified as Attorney File No. 3170-54-CIP;

NOW THEREFORE, be it known that we, the said inventors, for and in consideration of certain good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, at the request of the assignee do sell, assign, and transfer unto said assignee, Westmed, Inc., a Colorado corporation, having an address of 7348 S Alton Way STE 9-I, Centennial, CO 80112-2356, its successors, legal representatives, and assigns, the aforesaid application and the invention(s) described therein for the territory of the United States of America and all continuation, divisional, continuation-in-part, and reissue applications associated therewith; all corresponding patent applications in foreign countries; all applications pursuant to the Patent Cooperation Treaty; all applications for extension filed or to be filed for the invention(s); and all Letters Patent, Invention Registrations, Utility Models, Extensions, Reissues, and other patent rights obtained for the invention(s) in the United States or any other country;

We also assign any right, title, and interest in and to the invention which has not already been transferred to the assignee, which includes the right to be granted a patent in PCT contracting states, and the right to claim priority to the provisional application listed above;

We warrant that we have made no assignment of the invention(s), application, or patent therefor to a party other than Westmed, Inc. and we are under no obligation to make any assignment of the invention, application, or patent therefor to any other party; and

We further agree to cooperate with the assignee hereunder in the obtaining and sustaining of any and all such Letters Patent and in confirming assignee's exclusive ownership of the invention(s), but at the expense of said assignee.

We have reviewed and understand the contents of the application, including the claims thereof, which may have been amended by a preliminary amendment filed with the application or which is contemplated. We affirm that the above-identified application was made or authorized to be made by us. We acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application. We hereby acknowledge that any willful false statement regarding inventorship of this application is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

The Commissioner of Patents is hereby authorized and requested to issue the Letters Patent solely in accordance with the terms of this Assignment to Westmed, Inc., its successors, legal representatives, and assigns, as the assignee of the entire right, title, and interest therein.

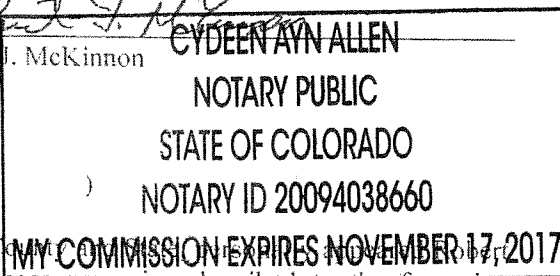

IN WITNESS WHEREOF, the parties hereto have executed this Assignment as of the date indicated hereunder.
