## **ASSIGNMENT**

FOR ALL UNITED STATES AND FOREIGN PATENT RIGHTS

This is a patent rights assignment by and between Greenwave Systems, Pte Ltd. of 3 Anson Rd, #27-01 Springleaf Tower, Singapore 079909 ("Greenwave"), and the inventors identified below:

The following inventors ("Inventors")

Martin Manniche  
Sonny Windstrup  
Eric Scott Micko

have made certain inventions, improvements, innovative designs, and/or discoveries (herein referred to as the "Invention") entitled:

### **Magnetic Mount for Security Device**

and further identified by patent application serial number:

Greenwave is desirous of acquiring the entire right, title and interest in said Invention, in any patent applications pertaining thereto, and in any Letters Patent(s) that may be granted for said Invention in the United States of America or any foreign country. The Inventor(s) desire(s) to grant such rights to Greenwave.

Therefore, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each undersigned Inventor ("Assignor") hereby sells, assigns, and otherwise transfers to Greenwave (the "Assignee"), its successors, legal representatives, and assigns, the entire worldwide right, title, and interest in and to the Invention, the above-identified United States patent application (if any), and any and all other patent applications and patents for the Invention which may be applied for or granted in the United States and in all foreign countries and jurisdictions. This includes all issued utility patents or design patents, originally filed applications, divisions, continuations, reissues, reexaminations, renewals, extensions, counterparts, substitutes, and extensions thereof ("Related Applications") and all rights of priority resulting from the filing of such Related Applications and granting of such patents.

The undersigned Inventor(s) agree(s) to execute all papers pertaining to prosecution of a patent application for the Invention, including the originally filed application and any other Related Application, and also to execute separate assignments in connection with Related Applications as the Assignee may deem necessary or expedient. The undersigned Inventor(s) agree(s) to execute all papers and documents and to perform any act which may be necessary in connection with claims or provisions of the International Convention for the Protection of Industrial Property or similar agreements.
