WHEREAS, VENICE GRAVITY WORX, INC., a California corporation, having a place of business at 322 Sunset Avenue, Venice, CA 90291 (hereinafter "Assignee"), desires to acquire by formal, recordable assignment, the entire right, title, and interest in and to the invention(s), the application(s), and any Letters Patent(s) that might be granted for the invention(s) in the United States and throughout the world; including any and all divisional, continuation, continuation-in-part, reexamination or reissue applications;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors have sold, assigned, and transferred, and by these present do hereby sell, assign, and transfer, unto Assignee, the entire right, title, and interest in and to the invention(s), the application(s), and any Patent(s) that might be granted for the invention(s) in the United States and throughout the world, including the right to file foreign applications directly in the name of Assignee and to claim for any such foreign Patent applications any priority rights to which such applications are entitled, pursuant to international conventions, treaties, or otherwise, including the right to sue for any and all past infringement(s) of any or all of the foregoing Patent(s).

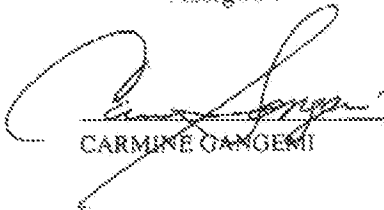

Further, Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representatives and assigns will perform all lawful acts, including the execution of papers and the giving of testimony, that might be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patents in the United States and throughout the world for the invention(s), and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to the invention(s), the application(s), and any Letters Patent(s) granted for the invention(s) in the United States and throughout the world.
