ASSIGNMENT

Elias Eddé and Fady Chamieh (the "Inventors")

have represented, and hereby acknowledge and confirm, that all right, title and interest of the Inventors in and to the Inventions and the Patent Rights (both as defined below) resided with:

Murex S.A.S.

a French société par actions simplifiée having its principal office at 8 rue Bellini 75116 Paris, France, and registered with the Paris Registry of Commerce and Companies under n° Paris B 695 869 ("Assignee"), and its successors, assigns, and legal representatives on or before November 30, 2006.

The Patent Rights consist of the entire right, title, and interest for the United States and all foreign countries, in and to any and all inventions and improvements (the "Invention") that are disclosed in the application for the United States patent that was filed December 1, 2006, and assigned Application No. 11/607,199 and that is entitled:

PRODUCER GRAPH ORIENTED PROGRAMMING FRAMEWORK WITH SCENARIO SUPPORT,

including the right to file; and all right, title and interest in and to said application (provisional or non-provisional), and all provisional, non-provisional, design, utility, divisional, continuing, continuation-in-part, substitute, renewal, reissue, reexamination, and all other patent applications that shall be filed in the United States and all foreign countries on any of said inventions and improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions that have been or shall be issued in the United States and all foreign countries on said inventions and improvements; and in and to all rights of priority from the filing of said United States application.

To the extent any right, title and interest in the Inventions and/or the Patent Rights remains with the Inventors, each of the Inventors, for good and valuable consideration receipt of which is hereby acknowledged, hereby assigns unto Assignee all such right, title and interest, with effect retroactive to November 30, 2006. Inventors hereby acknowledge and confirm their agreement that said Assignee may apply for and receive a patent or patents for the Invention in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all provisional, design, utility, divisional, continuing, continuation-in-part, substitute, renewal, reissue, reexamination, and all other patent applications on any and all said Invention; execute all rightful

oaths, assignments, powers of attorney, and other papers; communicate to said Assignee, its successors, assigns, and legal representatives all facts known to the undersigned relating to the Invention and the history thereof; and generally assist said Assignee, its successors, assigns, or legal representatives in securing and maintaining proper patent protection for the Invention and for vesting title to the Invention, and all applications for patents and all patents on said Invention, in said Assignee, its successors, assigns, and legal representatives; and covenant with said Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
