ASSIGNMENT

This Assignment is made by ROGER L. GEER of New Tech Machinery, (the Assignor), to Mazzella Holding Company, a(n) Ohio corporation, having its principal place of business at 1360 East Ninth Street, Suite 400, Cleveland, OH 44114 (the Assignee). Assignor believes that he/she is the owner of the patents and patent applications identified in Appendix A (attached hereto) (the Patents). Assignor represents and warrants that he/she is the owner of the right, title, and interest in and to the Patents, having full right and power to convey his/her entire interest, both legal and equitable, in this Assignment. Assignor further represents and warrants that the rights transferred in this Assignment are free of lien, encumbrance, or adverse claim.

For valuable consideration, receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree as follows:

1. Assignor does hereby sell, assign, convey, and transfer to Assignee, its successors, assigns, nominees, or other legal representatives the full, exclusive, entire, worldwide rights, title, and interest in, to and under said Patents; also his/her entire right, title, and interest in and to any and all reissues or extensions to be obtained in this or any foreign country upon the Patents; and in and to all income, royalties, damages, claims, and payments now or hereafter due or payable with respect thereto; and in and to all causes of action, either in law or in equity, for past, present, or future infringement based on the Patents.
2. Assignor further agrees to execute all extension, reissue, and other patent applications in this or any foreign country relating to the Patents and to sign all other lawful papers and to perform all other lawful acts without further consideration, but without expense to Assignor, which Assignee may deem necessary or desirable to make this Assignment fully effective, including, by way of example but not of limitation, the following acts:
 - a. prompt execution of all lawful oaths, affidavits, and/or supplemental oaths required or deemed advisable by Assignee; and
 - b. co-operation to the best of Assignor's ability in the execution of all lawful documents, the production of evidence, and the giving of testimony in interference, opposition, derivation, review, nullification, examination, re-examination, infringement, or other proceedings involving the Patents.

Assignor, intending to be legally bound, has signed this Assignment on the date written by the Assignor's signature below. Assignor hereby acknowledges that any willful false statement made in this Assignment is punishable under 18 U.S.C. § 1001 by fine or imprisonment of not more than five (5) years, or both.
