**CONFIRMATORY ASSIGNMENT**

WHEREAS, A. Jon Prusmack (Prusmack), a citizen of New York, invented a design for a recreational towed vehicle camper on which the U.S. Patent and Trademark Office has issued Design Patent No. D603,299 dated November 3, 2009;

WHEREAS, DHS Systems LLC (DHS), a New York corporation, having a business address at 33 Kings Highway, Orangeburg, New York 10962, acquired from Prusmack the entire right, title and interest in and to the above recited design patent; and

WHEREAS, HDT Expeditionary Systems, Inc. (HDT), a Delaware corporation, having a business address at 30500 Aurora Road, Suite 100, Solon, Ohio 44139, acquired certain intellectual property law assets of DHS via an assignment document which was recorded at the U.S. Patent and Trademark Office on February 19, 2015 at Reel 34981 and Frame 601; and

WHEREAS all of Prusmack, DHS and HDT now recognize that in order to effect a formal transfer of and to incontrovertibly vest title to the herein before recited design patent in HDT, it is necessary to file with the U.S. Patent and Trademark Office for purposes of recording a confirmatory instrument specifically enumerating the design patent so assigned;

NOW THEREFORE in consideration of the sum of \$1.00 and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Prusmack and DHS do hereby acknowledge, confirm and certify that they sold, assigned and transferred and do hereby sell, assign and transfer onto HDT their entire right, title and interest in and to the above-listed design patent, the same to be held by HDT for its own use and behoof and for its successors and assigns to the full end of the term for which said design patent has been granted as fully and entirely as the same would have been held by Prusmack and DHS had this assignment and sale not been made.

IN WITNESS WHEREOF, A. Jon Prusmack and DHS Systems LLC have caused  
this confirmatory assignment to be duly executed as of the respective dates listed  
below.

A. Jon Prusmack
