## PATENT ASSIGNMENT

WHEREAS, Aftermarket Controls Corp., a Delaware corporation ("Assignor"), is the owner of those patents and patent applications set forth on Exhibit A hereto (collectively, the "Patents");

WHEREAS, Vehicle Safety Manufacturing, L.L.C., a New Jersey limited liability company ("Assignee"), with offices at 408 Central Avenue, Newark, New Jersey, desires to acquire all of Assignor's right, title and interest in and to the Patents, in the United States of America and all other countries and jurisdictions of the world, as well as all associated goodwill, as successor to the business of the Assignor to which the Patents relate.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which hereby are acknowledged by each party, Assignor hereby assigns to Assignee all of Assignor's right title and interest in the Patents, in the United States of America and all other countries and jurisdictions of the world, including, without limitation, international, national or regional phase applications claiming priority therefrom, divisions, reissues, continuations, reexaminations, all inventions disclosed therein, all rights therein provided by international treaties and conventions in any country of the world, and any patents, including utility and design patents, utility models, invention registrations or any other form of legal protection issuing therefrom, and including all rights to enforce the same such as, for example, the right to sue for past, present and future infringement thereof, free from all liens or charges, together with the goodwill to which the Patents relate.

Executed on the 8<sup>TH</sup> day of June, 2015.

Aftermarket Controls Corp.,  
a Delaware corporation
