ASSIGNMENT and AGREEMENT

For value received, I,

Manoo Matta, residing at 29 Melbloum Lane, Edison, New Jersey 08837,

sell, assign and transfer to MERCANTILE INTERNATIONAL NA LLC, a New Jersey limited liability company, its successors and assigns, the entire right, title and interest for all countries in and to certain inventions relating to METAL MUG invented by me and described in a design application for Letters Patent of the United States, executed by me of even date herewith, and all the rights and privileges under any and all Letters Patent and/or industrial design certificates that may be granted therefor, and any divisions, continuations, reissues and extensions thereof.

I agree that, when requested, I will, without charge to said limited liability company but at its expense, sign all papers, take all rightful oaths, make all rightful declarations and do all acts which may be necessary, desirable or convenient for securing and maintaining patents or other forms of protection for said inventions in any and all countries and for vesting title thereto in said limited liability company, its successors, assigns or nominees.

I agree that I will communicate to said limited liability company or its representatives any facts known to me respecting said inventions; and when requested by said limited liability company and at its expense will testify in any legal proceedings, and generally do everything possible to aid said limited liability company, its successors, assigns and legal representatives or nominees, to obtain or enforce proper protection for said inventions in any and all countries.

I authorize and empower said limited liability company, its successors, assigns or nominees, to make application for patents or other form of protection for said inventions in its or their name, or in my name, in any and all countries and to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of any right of priority or any other right provided by the Patent Cooperation Treaty, the European Patent Convention,

the International Convention for the Protection of Industrial Property, as amended, or by any convention or treaty which may henceforth be substituted for any of the foregoing, and to invoke and claim such right of priority or other right without further written or oral authorization from me.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose; and more particularly in proof of the right of said limited liability company or its successors, assigns or nominees to apply for patent or other proper protection for said inventions, and to claim the aforesaid benefits provided by the Patent Cooperation Treaty, the European Patent Convention and the International Convention for the Protection of Industrial Property, as amended, or by any convention or treaty substituted therefor.

I covenant with said limited liability company, its successors, assigns, legal representatives and nominees, that the rights and property herein conveyed are free and clear of any encumbrance, and that I have full right to convey the same as herein expressed.
