Patent Assignment

This patent assignment ("Assignment") is entered into as of 12 March, 2015 (the "Effective Date"), by Ceske vysoke uceni technicke v Praze (Czech Technical University in Prague), with offices at Zikova 1903/4, 16000 Prague 6, Czech Republic, Id. No.: 684 07 700 ("University") and Cisco Systems, Inc., a California corporation, having its principal place of business at 170 West Tasman Drive, San Jose, California, 95134 ("Cisco").

WHEREAS, University and Cisco entered into that certain Sponsored Research Agreement ("Agreement"), with an effective date on or about August 2, 2013;

WHEREAS, pursuant to such Agreement, Cisco obtains certain rights to patents and technology developed during the course of University's research;

WHEREAS, University and Cisco agree that the Assigned Property (defined below) is Cisco Property under such Agreement;

NOW, THEREFORE, University and Cisco hereby agree as follows:

For good and valuable consideration, the receipt of which is hereby acknowledged, University hereby irrevocably assigns, sells, grants, transfers and conveys and agrees to assign, sell, grant, transfer, and convey to Cisco, and Cisco hereby accepts and receives, all its right, title, and interest throughout the world in and to:

(a) the issued patents and pending patent applications identified on Schedule 1 attached hereto and any issued patent or patent application that claims or is amended to claim priority to any of the above (the "Listed Property");

(b) to the extent not included in (a), all issued patents, rights to inventions and pending and future applications for patents under U.S. law or regulation or of any foreign country with respect to the patentable inventions from which such Listed Property arise, including without limitation utility patents, utility models, design patents, invention certificates, provisionals, continuations, divisionals, continuations-in-part, reexaminations, reissues, extensions and renewals, in all countries of the world, as well as, any patents and patent applications to which any of the Listed Properties or the foregoing claim priority, in whole or in part, directly or indirectly, subcategories (a) and (b), collectively, the "Assigned Property";

(c) all causes of action (whether known or unknown or whether currently pending, filed or otherwise) and other enforcement rights under or on account of, subcategories (a) and (b), including, without limitation, all causes of action and other enforcement rights for damages, injunctive relief, and any other remedies of any kind for past, current and future infringement; and

(d) all rights to collect royalties or other payments under or on account of the Assigned Properties and any of the foregoing subcategories (b) and (c).

University agrees upon reasonable request (and at the expense) of Cisco to, and if University is unable or unwilling to do so authorizes Cisco to act in University's name to: (i) execute all oaths, assignments, powers, and any other papers necessary to perform University's obligations hereunder, (ii) testify in any proceeding, and otherwise take any action, and (iii) fully cooperate with Cisco to perform University's obligations hereunder, in each case, related to securing and enforcing Cisco's rights related to this Assignment.
