DECLARATION

I, MICHAEL EDWARD SMITH LUNA, hereby declare that the Assignee name, "AliphCom, Inc." is typographically incorrect on the assignment document recorded for 1) the patent applications and patents listed herein or 2) continuing patent applications or patents issuing or to be issued thereon, which claim the benefit of those patent applications listed herein. The typographically correct assignee name was (i.e., at the time of execution of the assignment documents) and is presently "AliphCom." Pursuant to Section 323.01(b) of the Manual for Patent Examining Procedures, I believe the inventors for the properties listed herein are not available to correct the typographical error in the erroneous assignment form or to execute a new one as AliphCom is the employer and was the party responsible for drafting the assignment with the typographical error. "AliphCom, Inc." is not and has never been a registered corporate name for AliphCom or any entity having a direct or indirect corporate relation to AliphCom.

All statements set forth herein are made of my own knowledge and are true and are made on information and belief by me that said statements are believed to be true. By signing this Declaration, I acknowledge the warning that willful false statements and the like are punishable by fine or imprisonment, or both under 18 U.S.C. §1001 and may jeopardize the validity of the patent applications or patents listed herein, or any patents that may issue thereon.

Declared,

Michael Edward Smith Luna
Chief Technology Officer
AliphCom

ASSIGNMENT

In consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, **Gregory C. Burnett and Eric F. Breitfeller**, the undersigned Assignor(s), believing to be the original, first and sole or joint inventor(s) of any and all new and useful improvements disclosed in the application for the United States patent entitled

Voice Activity Detector (VAD) -Based Multiple-Microphone Acoustic Noise Suppression

hereby sell, assign, and transfer to **AliphCom, Inc.**, a California Corporation, having a principal place of business at 8000 Marina Blvd., Suite 120, Brisbane, California 94005, ("Assignee"), and its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and all foreign countries, in and to any and all improvements that are disclosed in the same patent application which was:

filed with the United States Patent and Trademark Office on September 18, 2003;
assigned Application Number 10/667,207; and
which has been executed by the undersigned on January 13, 2004 and January 9, 2004, respectively.

The undersigned further sell, assign, and transfer to Assignee said application and all divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on said improvements; and in and to all rights of priority resulting from the filing of said United States application; and the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

The undersigned further agree that said Assignee may apply for and receive a patent or patents for said improvements in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to said Assignee, its successors, assigns, and representatives all facts known to the undersigned relating to said improvements and the history thereof; and generally assist said Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements, and all applications for patents and all patents on said improvements, in said Assignee, its successors, assigns, and legal representatives.

The undersigned covenant with said Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.

The undersigned hereby authorize and request the Officials of the United States Patent and Trademark Office and any and all foreign Patent Offices to issue any and all Letters Patents, when granted, to said Assignee as the assignee of the entire right, title and interest in and to the same, for the sole use of said Assignee, its successors and assigns, to the full end of the term for which said Letters Patents may be granted.

The undersigned hereby grant to the practitioners at Customer Number 30554, the Customer Number of Shemwell Gregory & Courtney LLP, the power to insert on this document any further identification necessary or desirable to comply with the rules of the United States Patent and Trademark Office for recordation of this Assignment.
