ASSIGNMENT

WHEREAS, We; Launce R. Barber of Bradenton, Florida, Thomas J. A. Zuber of Fort Lee, New Jersey, and Corey R. Vaughan of Seattle, Washington (hereinafter "Assignor"), have invented certain new and useful improvements in **CHILD-RESISTANT CLOSURE SYSTEMS FOR CONTAINERS** for which Application were made on March 17, 2014, as US Utility Patent Application No. 14/216,668.

Assignors have further invented certain new and useful improvements in **CHILD-RESISTANT CLOSURE SYSTEMS FOR CONTAINERS** for which Application was made on March 17, 2014, as US Utility Patent Application No. 14/216,595.

Assignors have further invented certain new and useful improvements in **CHILD-RESISTANT CLOSURE SYSTEMS FOR CONTAINERS** for which Application was made on March 17, 2014 as US Utility Patent Application No. 14/216,639.

AND, WHEREAS, TapTango, LLC, having a place of business at 10900 University Boulevard, MS 1J2, Manassas, Virginia 20110 (hereinafter "Assignee"), is desirous of acquiring an interest therein.

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor has assigned and by these presents does hereby sell, assign, transfer, and convey unto the Assignee, its successors and assigns, his entire right, title, and interest in and to the invention and application, including the right to sue for past infringements and any other prior occurring rights, provided any such rights exist, and in and to any and all domestic and foreign patent applications filed on the invention, and in and to any and all continuations, continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United States of America, and all foreign countries or reissues thereof which may be granted therefor or thereon, for the full end of the term for which said Letters Patent may be granted, together with his right to claim the priority of said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made. Assignor further assigns to Assignee the right to claim entitlement and/or priority to any

applications that entitlement or priority may be claimed for this or any later filed application. The assignment of the right to claim entitlement and/or priority is executed *nunc pro tunc* and is considered effective as of the filing date of the earliest application to which priority and/or entitlement is claimed.

Assignor hereby requests that said Letters Patent be issued in accordance with this assignment.

Assignor further covenants and agrees that, at the time of the execution and delivery of these presents, Assignor possesses full title to the invention and application above-mentioned, and that he has the unencumbered right and authority to make this assignment.

Assignor further covenants and agrees, and likewise binds his heirs, legal representatives and assigns, to promptly communicate to said Assignee or its representatives any facts known to him relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the Assignee, its representatives, successors and assigns to secure patent or similar protection for the said invention in all countries and to vest in the Assignee complete title to the said invention and Letters Patent, without further compensation, but at the expense of said Assignee, its successors, assigns and other legal representatives.
