## PATENT ASSIGNMENT

WHEREAS, Jonathon Clark an individual having an address at 2311 Rockland, Ave., Rockville, Maryland 20851 ("Assignor") is the creator of certain new design for which certain United States and foreign design patent applications or other intellectual property protection may be filed and such design is further identified as Mister and Fan Combination and is further identified as attorney docket number WTC 1015 and the U.S Application was filed with the U.S. Patent Office on 04/02/2014 and assigned Serial No. 29/486,827.

WHEREAS, Way2Cool, Inc. a Maryland corporation having an address at 12290 Wilkins Avenue, Rockville, Maryland ("Assignee"), is desirous of acquiring the entire right, title and interest in Assignor's Design and Invention and any design patents or other intellectual property that may relate to Assignor's Design and Invention.

NOW, THEREFORE in consideration of the sum of One Dollar and other good and valuable executed consideration, the full receipt and sufficiency of all of which are hereby acknowledged, and intending to be legally bound hereby, the undersigned Assignor, hereby sells, assigns, transfers, conveys, and quitclaims unto and in favor of the above-named Assignee, the whole and entire right, title and interest in and to all designs and inventions relating to the Misting and Fan Combination, all United States and foreign patent applications; any related intellectual property rights; all rights of priority associated therewith, and all United States and foreign patents and other design rights, whether now issued or issued in the future, along with all extensions, re-issues, and re-examinations thereof, and the right to sue and recover past damages for past infringement of the rights.

The Assignor further agrees,

- (a) to execute all papers and documents necessary in connection with any application or grant for a design patent or other registrations for the design, and also to execute separate assignments in connection with such applications and grants as the Assignee may deem necessary;
- (b) to execute all papers and documents and perform which may be necessary in connection with claims or provisions of the International Convention for Intellectual property or similar agreements;
- (c) to perform all affirmative acts that may be necessary to obtain, maintain, or confirm a valid grant to the Assignee in the United States and any other county in which the Assignee may file a patent or other applications to protect the design;
- (d) to authorize the Commissioner of the U.S. Patent Office and other issuing authorities to issue any patent grant or trademark rights to the Assignee;
- (e) the Assignor hereby grants Andrew C. Aitken the power to insert on this assignment any further identification that may be necessary or desirable to identify the invention to order to comply with the rules of the issuing authority, including the United States Patent and Trademark office for the recordation of this document.

I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that I have signed and executed this Assignment and have caused this Assignment to become effective as of the date of its execution.
