# PATENT ASSIGNMENT

WHEREAS, Messmo Technologies Pty Ltd, an Australian corporation having an office at 129 Margaret Street, Brisbane, Queensland, Australia ("Company") is the owner of United States patent number 8,401,576, along with European patent number EP 2177072B1 and Australian patent numbers AU 2007903979 and AU 2007906230 (the "Patent Rights").

WHEREAS, Rembrandt Messaging Technologies, LP, a Virginia limited partnership ("Rembrandt"), is desirous of acquiring title in and to the Patent Rights and all rights related thereto.

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, and intending to be bound, Company hereby sells, assigns, transfers and conveys unto Rembrandt, its successors and assigns, all of Company's right, title, and interest in and to the Patent Rights, together with all present and future divisions, continuations, continuations-in-part, reissues, reexaminations, and extensions thereof, any foreign counterparts to any of the foregoing, and all claims, demands, or causes of action that Company has or might have by reason of any infringement of any of the foregoing prior to the effective date of this assignment, including the right to sue and collect damages for all past, present, and future infringement and all lost profits resulting therefrom.

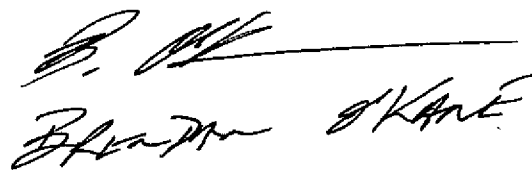

In the event that:

- (a) any other United States patent or patent application (not set forth above) is subject to a terminal disclaimer that identifies: (i) any of the Patent Rights set forth above, or (ii) any division, continuation, continuation-in-part, reissue, or reexamination of any of the Patent Rights set forth above, or
- (b) any other United States patent or patent application (not set forth above) was identified in a terminal disclaimer previously made with respect to: (i) any of the Patent Rights set forth above, or (ii) any division, continuation, continuation-in-part, reissue or reexamination of any of the Patent Rights set forth above, or
- (c) any other United States patent or patent application claims priority with respect to: (i) any of the Patent Rights set forth above; or (ii) any division, continuation, continuation-in-part, reissue, or reexamination of any of the Patent Rights set forth above, or (iii) any United States patent or patent application set forth in (a) or (b), above,

Company hereby sells, assigns, transfers and conveys unto Rembrandt, its successors and assigns, all of Company's right, title, and interest in and to each such other United States patent or patent application, together with all claims, demands, or causes of action that Company has or might have by reason of any infringement of the any of the foregoing prior to the effective date of this assignment, including the right to sue and collect damages for all past, present, and future infringement and all lost profits resulting therefrom.
