I/WE:

1. John Arthur Cooper (Inventor).

For good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, I/we do hereby sell and assign to Cooper Environmental Services LLC (ASSIGNEE), of Beaverton, Oregon, its successors, assigns and legal representatives all right, title and interest throughout the United States, its territories and all foreign countries, in and to the Assigned Patents and Applications, which include the United States patents and patent applications identified below, the inventions disclosed therein, and all reissues, certificates of reexamination and extensions thereof, any corresponding foreign patents, and any United States and foreign patent applications or patents which claim priority or depend from or are dominated by any of the following patent(s) and/or patent application(s):

1. Patent Application entitled SAMPLE FLUID STREAM PROBE GAS SHEET NOZZLE.
I hereby authorize and request my attorney, Jared S. Goff, of Goff Patent Law PLLC, to insert here in parentheses (Application number _____, filed _____) the filing date and application number of said application when known.

I/we agree to execute all papers necessary in connection with the Assigned Patents and Applications, and to execute separate assignments in connection with such Assigned Patents and Applications as the ASSIGNEE may deem necessary or expedient.

I/we agree to execute all papers necessary in connection with any interference involving any of the Assigned Patents and Applications and to cooperate with the ASSIGNEE in every way possible in obtaining and producing evidence and proceeding with such interference.

I/we agree to execute all papers and documents and to perform any act that may be necessary in connection with claims or provisions of the International Convention for the Protection of Industrial Property or similar agreements.

I/we agree to perform all affirmative acts which may be necessary to obtain a grant of a valid patent(s) in the United States of America and any foreign countries to the ASSIGNEE and to vest all rights hereby conveyed to said ASSIGNEE as fully and entirely as the same would have been held by me/us if this Assignment and sale had not been made.

I/we hereby authorize and request the Patent and Trademark Office Officials in the United States of America and in any foreign countries to issue any and all Letters Patents resulting from the Assigned Patents and Applications to the said ASSIGNEE, as assignee of the entire interest, and hereby covenants that I/we has/have the full right to convey the entire interest herein assigned, and that I/we has/have not executed, and will not execute, any agreement in conflict herewith.

I/we hereby grant Goff Patent Law the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the U.S. Patent and Trademark Office for recordation of this document.

The undersigned hereby covenant(s) that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment.
