ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, the undersigned, **Randall L. Tucker** of Findlay, Ohio ("Inventor") who has created a certain invention for which a patent application, U.S. Serial No. 14/442,034 was filed on May 11, 2015 as a submission under 35 U.S.C. 371 of PCT Patent Application, International Application No. PCT/US2013/069898, International Filing Date 13 November 2013, which claims the priority benefit of U.S. Provisional Patent Application Serial No. 61/725,814, filed on November 13, 2012, and is entitled

**PRODUCT SUCH AS A TIRE WITH RFID TAG WITH RUBBER,  
ELASTOMER, OR POLYMER ANTENNA**

hereby sell, assign and transfer to **COOPER TIRE & RUBBER COMPANY**, ("Assignee"), a corporation of the State of Delaware, having a place of business at **701 Lima Avenue, Findlay, OH 45840**, its successors, assigns, nominees or other legal representatives, *nunc pro tunc* as of November 12, 2012, the full, exclusive, entire worldwide rights, title and interest in, to, and under said invention as described and claimed in said application, including any provisional application from which it claims priority, the same to be held and enjoyed by Assignee for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, nominees, or other legal representatives, to the end of the term or terms for which said Letters Patent are or may be granted, reissued, or extended, as fully and entirely as the same would have been held and enjoyed by Inventor if this assignment and sale had not been made; all of the entire rights, title and interest in and to said invention and said application, and all original and reissued patents granted for said invention, and all divisions, reissues, continuations-in-part, and continuations of said application, including the subject matter of any and all claims which may be obtained in every patent, and the right, where such right can be legally exercised, in Assignee's own name to apply for and obtain patents in countries foreign to the United States, including the full right to claim for any such application the benefits of the International Convention and the Patent Cooperation Treaty as fully and entirely as Inventor could have done if the foreign application had been filed in the names of the Inventor, and the entire interest in any Letters Patent which may be granted on any such application in such foreign countries, and Inventor authorizes and requests the Commissioner of Patents of the United States, and any official of any country or countries foreign to the United States whose duty is to issue patents on applications as aforesaid, to issue the said Letters Patent to Assignee, its successors, assigns, nominees, or other legal representatives, as Assignee and owner of the said entire rights, and Inventor covenants that Inventor has the full right to convey the said entire interest herein assigned and that Inventor has not executed and will not execute any agreement in conflict herewith, and Inventor will communicate to Assignee, its successors, assigns, nominees, or other legal representatives all facts known to Inventor respecting said invention, whenever requested, and testify in any legal proceedings, sign all lawful papers, execute and deliver all divisional, continuing, and reissue applications, make all rightful oaths or declarations, and do all lawful acts requisite for the application for such divisional, continuing, or reissue applications, or the procuring thereof, and that if and when Assignee, its successors, assigns, nominees, or
