ASSIGNMENT

Serial No: 13/644,441

Filed: October 4, 2012

Title: Strap Secured Attachment Providing Load Support and/or Anti Abrading Protection of an Article Supporting Sling

For good and valuable consideration, the receipt and sufficiency of which are hereby agreed, Charles Craig Raymond ("Assignor") the undersigned agrees to assign and hereby assigns to Central Lake Armor Express, Inc., 7915 Cameron Street, P.O. Box 516, Central Lake, Michigan 49622 and its successors and assigns ("Assignee") the entire right, title, and interest in and to the inventions of such undersigned Assignor that are disclosed in the application listed above. Also assigned are (i) all rights in any and all other applications anywhere in the world that the undersigned Assignor may file and/or be named as an inventor of, solely or jointly, on said inventions, (ii) all rights in any and all patents that may be obtained on any of said applications, and (iii) all rights in any and all reissues, reexaminations, supplemental examinations, inter partes reviews, oppositions, post-grant reviews, supplementary protection certificates, and/or extensions thereof. The rights assigned include without limitation, the right to bring suit, the right to claim and retain all damages and/or seek other remedies for the past, present, and future infringement of any of the foregoing, and the right of priority (including without limitation the right to claim priority benefit of or to said patent applications.) The undersigned Assignor requests the Commissioner for Patents in the United States and similar authorities outside the United States to issue said patents to and in the name of Assignee.

The undersigned Assignor states that the application listed above is or was made or authorized to be made by him. The undersigned Assignor believes himself to be the original inventor or an original joint inventor of a claimed invention in the application listed above. The undersigned Assignor acknowledges that any willful false statement made by him or her in this paragraph is punishable under 18 U.S.C. §1001 by fine or imprisonment of not more than five years, or both. The present Assignment takes the place of an earlier Assignment, which omitted "Inc." in the name of the Assignee, and was executed by Assignor on November 8, 2012, assigning the inventions identified herein to Assignee, Central Lake Armor Express, wherein the present Assignment assigns the inventions identified herein to Central Lake Armor Express, Inc. and wherein the present Assignment takes effect as of the date of the earlier executed Assignment.

Except in favor of Assignee, the undersigned warrants that: (i) he is the owner of all its rights, title and interests herein assigned and has the right to make this unconditional and irrevocable assignment to Assignee without obtaining any approval or permission of a third party; and (ii) there are no outstanding encumbrances, liens, prior assignments, licenses, or other obligations or restrictions on the rights, title and interests herein assigned.

Upon the request of Assignee and at no expense to the undersigned Assignor, the undersigned Assignor hereby agrees to execute any and all applications on said inventions (including without limitation

MARSHALL, GERSTEIN & BORUN LLP, 233 S. Wacker Drive, 6300 Willis Tower, Chicago, Illinois 60606-6357

applications or requests for the reissue, reexamination, or extension of the patent or for a supplementary protection certificate and any oath, declaration, or affidavit relating thereto that Assignee may deem necessary or expedient, and to cooperate to the best of the ability of the undersigned Assignor with Assignee and perform any and all affirmative acts requested by Assignee to prepare, file, prosecute, maintain, defend, enforce, and vest in Assignee the rights, title, and interests assigned herein. These acts include, without limitation, preparing and executing statements and giving and producing evidence in support thereof, whereby said rights, title and interests will be held and enjoyed by Assignee to the full end of the term for which said patents may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned Assignor if this assignment had not been made.
