ASSIGNMENT OF INVENTION AND OF LETTERS PATENT

WHEREAS, We, Wei Cheong Wong, Shiping Wang, Chuang Sim Chong, and Seong Fong Chen have invented certain new and useful inventions or improvements relating to Glove Coating and Manufacturing Process ("Invention") which are described in a patent application entitled "GLOVE COATING AND MANUFACTURING PROCESS" filed on February 8, 2007 which such application has been afforded serial no. 11/672705 by the United States Patent and Trademark Office ("Application"); and

WHEREAS, Allegiance Corporation, a corporation organized under the laws of the State of Delaware having a place of business at 1430 Waukegan Road, McGaw Park, Illinois 60085 ("Assignee"), is desirous of obtaining the entire right, title and interest in the Invention, in the Application, in any US patent granted therefrom, and in any applications for patent (and in the respective patents granted therefrom) in any country of the world claiming priority to the Application.

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt of which is hereby acknowledged, I hereby sell, assign, transfer and set over unto Assignee, its successors and assigns, my entire right, title and interest in the Invention, in the Application and in any letters patent which may be granted from the Application, as well as in any patent application, now or hereafter filed in any country of the world, claiming priority to the Application and in any letters patent which may be granted respectively therefrom. I furthermore hereby sell, assign, transfer and set over unto Assignee, its successors and assigns, my entire right, title and interest in all provisional and non-provisional applications relating thereto, and in any divisions, continuations, continuations-in-part, extensions, renewals or reissues of the Application, of any patent application, now or hereafter filed in any country of the world, claiming priority thereto or having the same worldwide priority date thereof, and of any letters patent granted respectively therefrom;

AND, I HEREBY sell, assign, transfer and set over unto Assignee, its successors and assigns, my entire right, title and interest in any improvement to the Invention made by me, whether made solely or jointly with one or more other parties, as well as in any patent application filed on said improvement, now or hereafter filed in any country of the world, claiming priority to the Application, whether or not said improvement is described expressly in the Application;

AND, I HEREBY authorize Assignee to claim priority to the Application in any country of the world for any purpose whatsoever, including without limitation, Assignee's efforts to seek patent protection in its own name, for its own benefit and/or on its own behalf in any country of the world;

AND, I HEREBY authorize and request the Commissioner of Patents and Trademarks of the United States, and any official of any country of countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all letters patent for said inventions

or improvements to the said Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument;

AND, I HEREBY covenant that I have full right to convey the entire right, title and interest herein assigned, and that I have not executed and will not execute, any agreement in conflict herewith;

AND, I HEREBY authorize and request the attorney of record in the said application for letters patent to insert in the above right hand corner of this Assignment the serial number and filing date of the said application when officially known, if such information has not been provided at the time of my execution hereof;

AND, I HEREBY further covenant and agree that I will communicate to the said Assignee, its successors, legal representatives and assigns, any and all facts known to me respecting said inventions or improvements, and testify in any legal proceeding, sign all lawful papers, execute all non-provisional, divisional, reissue, continuation, and continuation-in-part applications, make all rightful oaths and generally do everything possible to aid the said Assignee, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for said inventions or improvements in all countries.
