ASSIGNMENT AFFIRMATION

MAG IAS GmbH, a company of Germany with offices at Salacher Straße 93, 73054 Eisligen, Germany, and FFG Werke GmbH, a company of Germany with offices at Steige 61, 74821 Mosbach, Germany, affirm that FFG Werke GmbH is the current owner of the following U.S. Patent ("The Patent"), including the right to enforce The Patent, including the right to bring and maintain suit for any past, present or future infringement of The Patent:

U.S. Patent No. 7,316,639

by virtue of the following facts, which occurred sequentially as indicated, and which the undersigned acknowledge as true and correct:

1. The Patent was assigned from the respective named inventors to Hüller Hille GmbH, a company of Germany;
2. Hüller Hille GmbH was merged into Cross Hüller GmbH, a company of Germany, and full and complete ownership of The Patent was transferred as part of this merger, including the right to enforce The Patent, including the right to bring and maintain suit for any past, present or future infringement of The Patent;
3. Cross Hüller GmbH was merged into MAG Powertrain GmbH, a company of Germany, and full and complete ownership of The Patent was transferred as part of this merger, including the right to enforce The Patent, including the right to bring and maintain suit for any past, present or future infringement of The Patent;
4. The name of MAG Powertrain GmbH was changed to MAG IAS GmbH, a company of Germany;
5. MAG IAS GmbH was merged into MAG Europe GmbH, a company of Germany, and full and complete ownership of The Patent was transferred as part of this merger, including

the right to enforce The Patent, including the right to bring and maintain suit for any past, present or future infringement of The Patent;

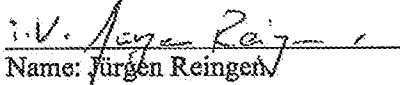

6. The name of MAG Europe GmbH was changed to MAG IAS GmbH, a company of Germany.

7. MAG IAS GmbH transferred to FFG Werke GmbH, for good and valuable consideration, full and complete ownership of The Patent, including the right to enforce The Patent, including the right to bring and maintain suit for any past, present or future infringement of The Patent.
