ASSIGNMENT OF INVENTION RIGHTS

WHEREAS, John E. Bennett, Dale W. Griffis II and Russell J. Bechkowiak, are co-inventors of an invention relating to a new and distinct improvement in an ANODE ASSEMBLY FOR CATHODIC PROTECTION for which a patent application was filed under the Patent Cooperation Treaty (PCT) on May 27, 2005 and was assigned Serial number PCT/US2005/018768, claiming priority to a provisional application filed in the United States Patent Office on June 3, 2004 under Serial No. 60/324,811;

WHEREAS Russell J. Bechkowiak assigned all of his rights in and to said invention and said PCT patent application to 9/10 Castings, Inc., an Ohio corporation, and

WHEREAS, The Euclid Chemical Company, an Ohio Corporation, is desirous of obtaining all of the interests of 9/10 Castings Inc in and to said improvements;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other consideration, the receipt and adequacy of which is hereby acknowledged, 9/10 Castings Inc, by these presents does sell, assign, and transfer all of its rights and interest in and to said invention unto The Euclid Chemical Company, including said PCT application, any divisions, continuations, and continuations-in-part thereof, and in and to any and all Letters Patent(s) of the United States and countries foreign thereto, which may be granted for said invention, and in and to any and all priority rights, convention rights, and other benefits accruing or to accrue to 9/10 Castings Inc. with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto, to be held and be enjoyed by the said The Euclid Chemical Company for its own use and behoof, and for its legal representatives, to the full end of the term for which said Letters Patent(s) may be granted, as fully and entirely as the same would have been held by 9/10 Castings Inc had this Assignment and sale not been made.

9/10 Castings Inc. further agrees to execute all necessary and lawful future documents, as may from time to time be presented to it in order to perfect title in The Euclid Chemical Company to said invention, modifications and improvements in said invention, application(s), and Letters Patent(s) of the United States and countries foreign thereto.

ASSIGNMENT OF INVENTION RIGHTS

WHEREAS, I am a co-inventor along with John(Jack) E. Bennett and Russell J. Bechkowiak of an invention relating to a new and distinct improvement in an ANODE ASSEMBLY FOR CATHODIC PROTECTION for which a patent application was filed under the Patent Cooperation Treaty (PCT) on May 27, 2005 and was assigned Serial number PCT/US2005/018768, claiming priority to a provisional application filed in the United States Patent Office on June 3, 2004 under Serial No. 60/324,811 (the "Invention" as further described below).

NOW, THEREFORE, in consideration of the sum of Five Hundred Dollars (\$500.00) to me in hand paid and other consideration, the receipt and adequacy of which is herewith acknowledged, I, Dale W. Griffis II, by these presents do herewith confirm my sale, assignment, and transfer of a 100% undivided interest in the Invention unto The Euclid Chemical Company, with an address of 19218 Redwood Road, Cleveland, Ohio 44122 ("Euclid"), including the application, any divisions, continuations, and continuations-in-part thereof; and in and to any and all Letters Patent(s) of the United States and countries foreign thereto, which may be granted for the Invention, and in and to any and all priority rights, convention rights, and other benefits accruing or to accrue to me with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto, to be held and be enjoyed by Euclid for its own use and benefit, and for its legal representatives, to the full end of the term for which said Letters Patent(s) may be granted, as fully and entirely as the same would have been held by me had this Assignment and sale not been made.

I further agree to execute all lawful future documents, as may from time to time be presented to me in order to perfect title in the Invention, including modifications and improvements in the Invention, including application(s), and Letters Patent(s) of the United States and countries foreign thereto.

IN TESTIMONY WHEREOF, I have hereunto set my hand this 4th day of JUNE 2006.

PATENT ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, John E. Bennett, an individual, and J. E. Bennett Consultants, Inc., a corporation organized and existing under the laws of the state of Arizona, with its head offices at 1011 Haisley Road, Prescott, Arizona 86303 (collectively, "Assignor"), hereby assigns to The Euclid Chemical Company, a corporation organized and existing under the laws of the state of Ohio with its head offices at 19218 Redwood Road, Cleveland, Ohio 44110 ("Assignee"), its successors, assigns or other legal representatives, Assignor's entire right, title and interest in and to all United States and foreign utility and design patents and applications, together with any extensions, re-examinations and reissues of such patents, patents of addition, patent applications, divisions, continuations, continuations-in-part, and all subsequent filings in any country or jurisdiction claiming priority there from, including the inventions disclosed therein and the subject matter of any and all claims which may be obtained in such patents or applications, that are "Assets" for purposes of a certain Intellectual Property Purchase Agreement of even date herewith by and between, among others, the parties hereto (the "Patents"), including but not limited to the patents and patent applications shown on Schedule A, attached hereto and incorporated herein by reference, the same to be held and enjoyed by Assignee, for its own use and benefit and for the use and benefit of its successors, assigns or other legal representatives to the full end of the term for which each of said Patent is granted, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made.

Assignor covenants that it has the full right to convey the entire interest assigned herein, and that it has not executed and will not execute any agreement in conflict herewith, and agrees that it will communicate to Assignee, its successors, assigns or other legal representatives, all facts known to it respecting the property conveyed herewith, whenever requested, and at the expense of Assignee, its successors, assigns or other legal representatives testify in any legal proceedings, sign all lawful papers, execute and deliver all divisional, continuing, reissue and foreign applications, make all rightful oaths and do all lawful acts requisite for the application for such divisional, continuing, reissue or foreign applications, or the procuring thereof, and that if and when the Assignee, its successors, assigns or other legal representatives desire to file a disclaimer relating thereto, Assignor will upon request, sign and deliver all lawful papers requisite for the filing of such disclaimer. Assignor further covenants and agrees that it will, at any time upon request, do everything reasonable to aid the Assignee, its successors, assigns or other legal representatives, either in its own name or that of Assignee, to apply for, obtain and enforce proper patent protection in all countries, including priority rights granted in foreign countries according to all the laws and treaties in force, all without further consideration but at the expense of Assignee, its successors, assigns or other legal representatives.

Assignor further assigns to Assignee, its successors, assigns or other legal representatives, any and all claims for damages by reason of past and continuing infringement of the Patents, and the right to sue for and collect the same for its own use and benefit and that of its successors, assigns or other legal representatives.
