ASSIGNMENT

FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency and adequacy of which are acknowledged, DFB Pharmaceuticals, Inc. (the "Assignor"), having a place of business at 318 McCullough, San Antonio, TX 78215, hereby:

SELLS, ASSIGNS, AND TRANSFERS to DFB Technology Holdings, LLC (the "Assignee"), having a place of business at 318 McCullough, San Antonio, TX 78215: all rights, title and interest in the patents/applications identified in Exhibit A (collectively, the "Patents"); all rights, title, and interest in the information and improvements disclosed in the Patents; all rights, title, and interest in any patents or patent applications issued or filed in the United States or foreign countries (e.g., all provisional, non-provisional, divisional, continuing, continuation-in-part, substitute, renewal, and/or reissue patents and/or patent applications) claiming priority to, or based on any information and improvements disclosed in, the Patents; and all rights, title, and interest to file any United States or foreign patent applications claiming priority to, or based on any information or improvements disclosed in, the Patents under the provisions of any convention or treaty;

AUTHORIZES AND REQUESTS the issuing authority to issue any United States or foreign patents granted on any patent applications filed in the United States or foreign countries (e.g., all provisional, non-provisional, divisional, continuing, continuation-in-part, substitute, renewal, and/or reissue applications) claiming priority to, or based on any information and improvements disclosed in, the Patents to the Assignee;

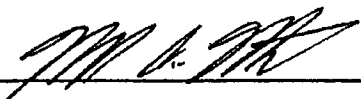

WARRANTS AND COVENANTS that no assignment, grant, mortgage, license or other agreement affecting the rights and properties herein conveyed has been or will be made to others by the undersigned, and that the full right to convey the same as herein expressed is possessed by the undersigned; and

COVENANTS, when requested and at the expense of the Assignee, to carry out in good faith the intent and purpose of this assignment, which includes, but is not limited to: signing all documents concerning any United States or foreign patents or patent applications (including, but not limited to, national stage, continuing, continuation, divisional, continuation-in-part, substitute, renewal, and/or reissue patents and/or applications) claiming priority to, or based on any information and improvements disclosed in, the Patents; signing all rightful oaths, declarations, assignments, powers of attorney and other documents; communicating to the Assignee all facts known to the undersigned relating to all information and improvements disclosed in the Patents; and generally do everything possible which the Assignee shall consider desirable for vesting title to all patents and patent applications filed in the United States or foreign countries (e.g., all provisional, non-provisional, divisional, continuing, continuation-in-part, substitute, renewal, and/or reissue patents and/or patent applications) claiming priority to, or based on any information and improvements disclosed in, the Patents in the Assignee, and for securing, maintaining and enforcing proper patent protection for such patents, applications, and information and improvements.

This assignment is binding on the heirs, assigns, representatives, and successors of the Assignor and extends to the heirs, assigns, representative, and successors of the Assignee.
