WHEREAS, the Inventors wish to convey to Assignee and Assignee desires to acquire the entire interest, right and title in, to and under: (i) the Invention(s), for which, as indicated above, a patent application is attached or was filed on the date and assigned the serial number specified above; and (ii) to all Letters Patent or similar legal protection to be obtained therefor in the United States and in any and all foreign countries.

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Inventors agree as follows:

Assignment. Each of the Inventors hereby sells, assigns and transfers to Assignee the full and exclusive right, title and interest in and to the Invention(s) in the United States and its territorial possessions, and in all foreign countries, including without limitation: (i) all Letters Patent or similar legal protection in the United States and its territorial possessions and in any and all foreign countries granted therefor or any subsequent patent applications therefor, including all continuations, divisions, continuations-in-part, substitutions, reissues, and extensions thereof or any legal equivalent thereof in any foreign country, for the full term or terms for which same may be granted; and (ii) all rights to enforce and collect for past claims of infringement of rights in and to the Invention(s) throughout the world.

Cooperation. Each of the Inventors shall execute and deliver or shall cause to be delivered all such transfers, assignments, conveyances, powers of attorney, assurances, declarations, or any other documents, and take all such further action necessary to confirm, effectuate, or record the assignments granted herein, as Assignee may, from time to time, reasonably request. Each of the Inventors, upon Assignee's request, shall: (i) provide promptly to Assignee or its designee all pertinent facts and documents related to the Invention(s) as may be accessible to or known by each Inventor and testify to the same in any litigation or similar proceeding related thereto; and (ii) promptly execute and deliver to Assignee or its designee any and all papers, instruments or affidavits required to obtain, maintain, defend, issue, protect, and enforce the Invention(s) and any Letters Patent and similar legal protection related thereto in the United States or any foreign country.

Governing Law. This Assignment shall be construed and interpreted in accordance with, and all actions arising hereunder, shall be governed by, the laws of the State of Indiana, excluding any conflict of law or choice of law provisions that may refer construction or interpretation of this Assignment to the law of another jurisdiction.

Execution. This Assignment may be executed in counterparts, each of which shall be deemed an original and which together shall constitute one and the same Assignment.
