ASSIGNMENT

In exchange for good and valuable consideration, including the disclosure(s) made in connection with the docket no. identified below, the receipt of which is hereby acknowledged, THE RESEARCH FOUNDATION OF THE STATE UNIVERSITY OF NEW YORK ("RF"), a corporation of the State of New York, having a place of business at Baird Research Park, Suite 111, 1576 Sweet Home Road, Amherst, NY 14228,

Hereby sells, assigns and transfers to **Russell W. Bessette, residing at 609 Locust Creek Boulevard, Louisville, KY 40245**, ("Assignee"), its entire right, title and interest in and to any and all inventions invented by him in Research Foundation Docket No. **R-6643** that have been or will be claimed or disclosed in the application for United States Letters Patent entitled **"System and Method for Scoring Illness Complexity to Predict Healthcare Cost"** filed **June 4, 2012**, U.S. Serial No. 13/487,112 - U.S. Patent No. 8,645,166, (hereinafter "the enumerated Patent") and in and to said applications and all applications, United States patents or similar legal protections that claim benefit or priority of the enumerated Patent, including all non-provisionals or national/ regional stage applications under any and all International Conventions or Treaties, including the Patent Cooperation Treaty and the European Patent Convention, and all divisionals, continuations, reissues, renewals and extensions thereof, and all substitutes of any of the foregoing, which have been or shall be filed or issued in the United States and in any or all foreign countries on any or all of said inventions, specifically excluding all continuations-in-part, copyrights, trade secrets and material rights, for the entire term thereof, as fully and entirely as the same would have been held by it had this sale, assignment and transfer not been made;

And the right to file, prosecute to issuance and pursue any post-grant proceedings regarding any or all of the afore-mentioned applications, patents of the United States or similar legal protections claiming benefit or priority of the enumerated application in any and all countries or under any and all International Conventions or Treaties;

And agree that, when requested, THE RESEARCH FOUNDATION OF THE STATE UNIVERSITY OF NEW YORK ("RF"), its successors, assigns and legal representatives shall execute all rightful oaths or declarations, assignments, powers of attorney and other papers; communicate to the Assignee, its successors, assigns and legal representatives any facts known to THE RESEARCH FOUNDATION OF THE STATE UNIVERSITY OF NEW YORK ("RF"), its successors, assigns and legal representatives respecting said inventions and generally do everything considered necessary by RF to aid in securing and maintaining proper United States patents or similar legal protections for said inventions;

And covenant with said Assignee, his successors, assigns and legal representatives that no assignment, grant, license, other agreement, mortgage or other encumbrance affecting the rights and property herein conveyed has been made to others by the undersigned.
