## ASSIGNMENT

This Assignment is made and executed by:

Paul Vermeys  
20432 E. Firestone Drive  
Queen Creek, AZ 85142

Javier Nolasco  
605 W. Piedmont Road  
Phoenix, AZ 85041

(hereinafter singly or collectively "ASSIGNORS"), to and in favor of the U-Haul International, Inc., and having an office for the transaction of business at 2727 North Central Avenue, Phoenix, AZ 85004 (hereinafter "Assignee").

Whereas the Assignors desire to assign their entire right, title and interest in and to the invention described in the patent application for the United States Patent titled "Nerf Bar for Unibody Vehicles," Application No. 14817461, filed on August 4, 2015 (hereinafter the "Patent Application") and all patents, patent applications and the like on the invention(s) to Assignee for valuable consideration; and

Whereas Assignee has provided such valuable consideration to each of the Assignors;

NOW, THEREFORE, the undersigned ASSIGNORS hereby confirm that ASSIGNORS are full time salaried employees, past employees or contractors of ASSIGNEE or one of its subsidiary companies, and that ASSIGNORS developed the subject matter of the invention on ASSIGNEE's time and at the expense of ASSIGNEE and within the scope of ASSIGNORS's duties to ASSIGNEE and thereby ASSIGNORS recognize that the ASSIGNEE owns the invention as described in the aforesaid application. Nonetheless, ASSIGNORS memorialize that relationship in the form of this assignment and;

Accordingly, Assignors warrants, covenants and agrees as follows:

1. Assignors hereby sell, assign and convey to Assignee such Assignors' entire right, title and interest in and to the invention described in the Patent Application, including the Patent Application itself and all substitute, continuation, continuation-in-part and divisional applications based in whole or in part on the Patent Application, and including all patents resulting therefrom and all reissues and extensions thereof, and including any and all rights of priority resulting from the filing of any such applications within the United States.

2. Assignors hereby sell, assign and convey to Assignee such Assignors' entire right, title and interest in all counterparts to the Patent Application that have been or may be filed outside the United States or under the Patent Cooperation Treaty, whether pursued as a patent, an inventor's certificate, a utility model or the like, including all rights of priority based on the Patent Application, further including all continuation, continuation-in-part and divisional applications based in whole or in part on the non-U.S. counterparts, and still further including all patents, inventor's certificates, utility models, reissues and extensions resulting from any of the non-U.S. counterparts.

3. Assignors hereby grant to Assignee the sole and exclusive right to prosecute the Patent Application and all related applications as described in Paragraphs 1 and 2 above, as well

## Assignment

as any opposition proceedings, reissue applications, reexaminations, and nullity or invalidity proceedings. Each of the Assignors authorizes all governmental bodies having the power to issue patents, inventor's certificates or utility models to issue a patent, inventor's certificate or utility model based on the Patent Application or any related applications as described in Paragraphs 1 and 2 above in the name of Assignee.

4. Assignors agree upon request and without further consideration, but at Assignee's expense: (a) to assist Assignee in prosecuting the Patent Application and all related applications as described in Paragraphs 1 and 2 above, as well as opposition proceedings, reissue applications, reexaminations, and nullity or invalidity proceedings; (b) to provide Assignee with information concerning the Patent Application and the related applications described in Paragraphs 1 and 2 above to enable Assignee to obtain, secure and protect all of the rights, title and interest sold, assigned, conveyed and granted under this Assignment (the "Assigned Assets"); (c) to sign papers, take oaths and testify in legal proceedings to enable Assignee to obtain, secure and protect the Assigned Assets; and (d) to perform all acts reasonably necessary to enable Assignee to obtain, secure and protect the Assigned Assets, including assistance in any proceedings pertaining to the Patent Application and the related applications described in Paragraphs 1 and 2 above or to their enforcement.

5. Assignors warrant and covenant that each Assignor has the full right to sell, assign and convey the Assigned Assets, that all of the Assigned Assets are free and clear of all mortgages, liens, security interests, charges, claims, royalty obligations and encumbrances of any nature whatsoever and that each Assignor has not executed and will not execute any agreement in conflict with this Assignment.

6. Assignee may assign the Assigned Assets in whole or in part. All references herein to Assignee include any successors or assigns of Assignee.

7. Assignor acknowledges that Assignee has paid valuable consideration for the Assigned Assets.

8. Assignors hereby authorize any member of the firm of Tiffany & Bosco, P.A. to insert or complete any information, including but not limited to the patent application serial number, needed to effect this document's recordation in the United States Patent and Trademark Office.
