A S S I G N M E N T

WHEREAS, we, Vicken Etyemezian, of city of Las Vegas, State of Nevada, and John Gillies, of City of Reno, State of Nevada, have invented a certain invention, entitled *Engineered Roughness Elements, Arrays Thereof, and Their Method of Use*, for which the following patent applications have been filed:

U.S. Patent Application No. 14/529,894, filed October 31, 2014; and

U.S. Provisional Application No. 61/898,399, filed October 31, 2013; and

WHEREAS, Board of Regents of the Nevada System of Higher Education, on behalf of the Desert Research Institute, hereinafter "Board of Regents," an educational institution organized under the laws of the State of Nevada, having a place of business at UNR/DRI Technology Transfer Office, 1664 N. Virginia Street, Mail Stop 321, Reno, NV 89557, desires to acquire an interest therein:

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, we, Vicken Etyemezian and John Gillies, hereby sell, assign and transfer to Board of Regents, the full and exclusive right, title and interest in and to said invention, patent application and patent rights throughout the world, including foreign patent priority rights, the right to file and prosecute International Applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention; said invention, application and letters patent in this or any foreign country, and all divisions, continuations, reissues and extensions thereof, to be held and enjoyed by Board of Regents, for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, as fully and entirely as the same would have been held by us had this assignment and sale not been made, and covenant that we have full right so to do, and agree that we will communicate to Board of Regents, or its successors and assigns, any facts known to us respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, and do everything possible to aid Board of Regents, its successors and assigns to obtain and enforce proper patent protection for said invention in this or any foreign country.

We hereby grant the Technology Transfer Office of the University of Nevada, Reno, the power to insert on this Assignment any further information which may be necessary or desirable in order to comply with all applicable legal requirements, including the rules of the United States Patent and Trademark Office, for submitting and recording this document.
