ASSIGNMENT

I, Sara Buehler, a citizen of Switzerland, residing at Via Prati dei Vizi 21; 6616
Losone; SWITZERLAND;

and each of us, if more than one person is identified above, have invented and own a certain
invention entitled:

METHOD AND PULSE-FORMING DEVICE FOR ELECTRICAL DISCHARGE
MACHINING

described in the patent application bearing the above Attorney Docket No. and title and

WHEREAS,

Agie Charmilles SA having an address at Via dei Pioppi 2; 6616 Losone;
SWITZERLAND,

hereinafter referred to as Assignee, is desirous of acquiring the entire domestic and foreign
right, title, and interest in and under the invention described in the above patent application.

NOW, THEREFORE, for good and valuable considerations, the receipt and sufficiency
of which are hereby acknowledged, I/we assign and transfer to the Assignee and the
Assignee's legal representatives, successors and assigns my/our full and exclusive rights in
and to the invention in the U.S. and every foreign country and my/our entire right, title, and
interest in and to the patent application and other such applications (e.g., provisional
applications, non-provisional applications, continuations, continuations-in-part, divisionals,
reissues, reexaminations, National phase applications, including petty patent applications, and
utility model applications) that may be filed in the United States and every foreign country on
the invention, and the patents, extensions, or derivations thereof, both foreign and domestic,
that may issue thereon, and I/we do hereby authorize and request the Commissioner of
Patents to issue U.S. patents to the above-mentioned Assignee agreeably with the terms of
this assignment document.

UPON SAID CONSIDERATION, I/we convey to the Assignee the right to make
application in its own behalf for protection of the invention in the U.S. and countries foreign
to the U.S. and to claim under the Patent Cooperation Treaty, the International Convention

and/or other international arrangement for any such application the date of the U.S. application (or any other application on the invention) to gain priority with respect to other applications.

I/WE DO HEREBY COVENANT and agree with the Assignee that I/we will not execute any writing or do any act whatsoever conflicting with the terms of this assignment document set forth herein, and that I/we will at any time upon request, without further or additional consideration, but at the expense of the Assignee, execute such additional assignments and other writings and do such additional acts as the Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this assignment, and render all necessary assistance in making application for and obtaining original, continuation, continuation-in-part, divisional, reissued, reexamined, and National phase patents of the U.S. or of any and all foreign countries on the invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, and by executing statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of all parties hereto.
