A S S I G N M E N T

We, DAVID M. REDMOND, of Tucson and State of Arizona; MICHAEL J. TENNYSON, of San Diego and State of California; RANDALL A. HERN, of San Diego and State of California; GERALD E. PETERSON, of Riverside and State of California, for good and valuable consideration, receipt of which is hereby acknowledged, have assigned and do hereby assign to RAIN BIRD CORPORATION, a California corporation, having a place of business at 1000 West Sierra Madre Avenue, Azusa, California 91702, its successors, assigns and legal representatives, the entire right, title and interest, in and to all subject matter invented by us and disclosed in the application for Letters Patent of the United States entitled

USER INTERFACE FOR A SENSOR-BASED INTERFACE DEVICE FOR
INTERRUPTING AN IRRIGATION CONTROLLER

application number 13/277,224 filed on October 20, 2011, and in provisional application number 61/405,119 filed on October 20, 2010 and provisional application number 61/428,151 filed on December 29, 2010, and in and to all Letters Patent and all Convention and Treaty rights of all kinds, including the right to claim priority from said application, and all rights in and to any continuation, continuation-in-part, and divisional application there from, and any reissue or re-examination as to any Letters Patent issuing there from, in all countries throughout the world, for all such subject matter described therein, including all rights of action and rights to recover damages for past infringements, and request issuance of all said Letters Patent to the above assignee in accordance with this assignment.

We agree to do all lawful acts, including the execution of all papers and the giving of testimony, necessary or desirable to obtain, sustain, reissue, or enforce said Letters Patent and rights in all countries throughout the world, and to perfect, record, or maintain the title of Assignee, its successors, assigns and legal representatives, to said invention, said application, and any Letters Patent granted for said invention in all countries throughout the world.

We represent and warrant that we have not granted and will not grant to others any rights inconsistent with the rights granted herein, and that said invention, said application, and any Letters Patent granted for said invention are free and clear of all encumbrances and liens.
