**ASSIGNMENT – PATENT APPLICATION**  
**UNITED STATES OF AMERICA**

Whereas, we,

1. Lambertus Wilhelmus Johannes Elberse, born on 21 June 1957 in Lith, the Netherlands, residing at Heikampstraat 2 (5342 ND) in Oss, the Netherlands; and
2. Franciscus Ludovicus Maria Johannes Veldhuijzen, born on 11 August 1960 in Deurne, the Netherlands, residing at Snoertsebaan 24 (5757 PB) in Liessel, the Netherlands;

(hereinafter "Assignors") have invented certain new and useful improvements entitled "Method for Locating a Catheter Tip Using Intracardial ECG" for which a provisional patent application for Letters Patent in the United States of America was filed on March 14, 2013 as U.S. Application Serial No. 61/782,913.

And Whereas, Clinical Devices B.V., a private company with limited liability organized under the laws of the Netherlands, having its registered office in Oss, the Netherlands, and its address in Oss, the Netherlands, at the address Hoogheuvelstraat 114 (5349 BA), registered in the trade register under number 17238250 (hereinafter "Assignee") is desirous of acquiring an interest therein and in the Letters Patent to be obtained therefor:

Now, therefore, be it known by all whom it may concern, that for good and valuable consideration (the sufficiency of which is hereby acknowledged) the Assignors have assigned, transferred and set over, and by these presents does assign, transfer and set over unto the said Assignee for all the countries in the world, the full and exclusive right, title, and interest in and to the said invention, as fully set forth and described in the specification, and any patent issuing thereon prepared and executed, and declared on even date(s) herewith, including any published application, division, continuation, RCE, CIP, PCT, reissue, reexamination, substitute, refilled, or

corresponding foreign or international application thereof; and any prior applications including any provisional application, said invention, application and Letters Patent to be held and enjoyed by said Assignee to the full end of the term for which said Letters Patent is granted, as fully and entirely as the same would have been held by the Assignors had this assignment and transfer not been made.

Assignors hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all such Letters Patent for said invention to said Assignee.
