ASSIGNMENT

Whereas, I

INVENTOR
AND CITIES

William L. Spearman
County of Beaufort

of Beaufort
and State of South Carolina

TITLE

have invented certain improvements in
**METHOD AND APPARATUS FOR ACCESSING BLOOD FROM AN IV
CATHETER INSERTION DEVICE**

and executed a United States patent application therefor, a patent application which was filed on **December 5, 2012** and accorded Serial Number **13/706,324**, and that patent application issued as United States Patent **8,728,038** on **May 20, 2014**.

Whereas, **AV Starr Innovations, LLC**, a South Carolina limited liability corporation having a place of business at Beaufort, South Carolina 29907, (hereinafter called the "Assignee"), desires to acquire the entire right, title and interest in the above-identified patent and invention, and to any other United States patent to be obtained therefor;

Now, therefore, for a valuable consideration, receipt whereof is hereby acknowledged, I, the above-named inventor, hereby sell, assign, and transfer to the Assignee, its successors and assigns, the entire right, title and interest in the above-identified patent and invention therein disclosed for the United States, and all rights of priority resulting from the filing of said United States application, and I request the Commissioner of Patents to issue any Letters Patent granted upon the invention set forth in said application to the Assignee, its successors and assigns; and I will execute all papers necessary in connection with the United States patent application when called upon to do so by the Assignee.

Signed and sealed
