Nunc Pro Tunc Patent Assignment

This **Nunc Pro Tunc Patent Assignment** (hereinafter referred to as the "Assignment") is executed on the 28th day of August, to have an effective date of the 4th day of May, 2015, by and between the following parties:

Frank P. Lloyd, Jr.
Kislaya Kunjan
David T. Giddings
7 Launch Way, Ste 720
Fishers, Indiana 46038

(the "Assignors")

AND

Cascade Metrix, LLC
an Indiana Limited Liability Company
7 Launch Way, Ste 720
Fishers, Indiana 46038

(the "Assignee")

WHEREAS, the Assignors are the sole and rightful owner of certain ideas, inventions, patent applications therefor and patents thereon (collectively referred to as the "Patents") set forth in **Exhibit A** attached hereto; and

WHEREAS, the Assignee desires to purchase or acquire the Assignors' right, title, and interest in and to the Patents; and

WHEREAS, the Assignors and Assignee are duly authorized and capable of entering into this Assignment.

NOW, THEREFORE, for valuable consideration, the receipt of which is acknowledged, the parties hereto agree as follows:

1. ASSIGNMENT.

The Assignors do hereby sell, assign, transfer and set over to Assignee 100% of their right, title, and interest in the Patents to Assignee for the entire term of the Patents and any reissues or extensions and for the entire terms of any patents, reissues or extensions that may issue from foreign applications, divisions, continuations in whole or part or substitute applications filed claiming the benefit of the Patents. The right, title, and interest conveyed in this Assignment is to be held and enjoyed by Assignee and Assignee's successors as fully and exclusively as it would have been held and enjoyed by Assignors had this assignment not been made.

The Assignors authorize United States Patent and Trademark Office and any other applicable jurisdictions outside the United States to record the transfer of the patent and/or patent applications set forth in Exhibit A to Assignee as recipient of Assignors' right, title and interest therein.

Assignors further agree to: (a) cooperate with Assignee in the protection of the patent rights and prosecution and protection of foreign counterparts; (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as Assignee lawfully may request to obtain or maintain the Patents and any and all applications and registrations for the invention in any and all countries.

2. WARRANTY.

Assignors warrant that Assignors are the legal owners of all right, title and interest in the Patents, that the Patents have not been previously pledged, assigned, or encumbered and that this Assignment does not infringe on the rights of any person.

3. GOVERNING LAW.

This Assignment is governed by, and is to be construed in accordance with the laws of the State of Indiana.

4. ENTIRE AGREEMENT.

This Assignment constitutes the sole agreement of the parties and supersedes all oral negotiations and prior writings with respect to the subject matter hereof.

5. SEVERABILITY.

If one or more provisions of this Assignment are held to be unenforceable under applicable law, the parties agree to renegotiate such provision in good faith. If the parties cannot reach a mutually agreeable and enforceable replacement for such provision, then (i) such provision will be excluded from this Assignment, (ii) the balance of the Assignment will be interpreted as if such provision were so excluded and (iii) the balance of the Assignment will be enforceable in accordance with its terms.

6. ADVICE OF COUNSEL.

Each party acknowledges that, in executing this agreement, such party has had the opportunity to seek the advice of independent legal counsel, and has read and understood all of the terms and provisions of this agreement. This agreement will not be construed against any party by reason of the drafting or preparation hereof.
