ASSIGNMENT

WHEREAS, William Blake, hereinafter called the "Assignor", an individual having an office and principal place of business at 14 Georgetown Court, Linwood, New Jersey 08221, has made the inventions described in the patent applications and patents identified and listed in Attachment A hereto (the "Patents"); and

WHEREAS, Alternative Packaging Solutions, LLC, a Delaware limited liability company having an office c/o Essex Management, at 641 Lexington Avenue, New York, NY 10022 ("APS"), hereinafter APS called the "Assignee", desires to acquire all right, title and interest in and to the Patents and the inventions claimed therein, and all related patents that may be obtained for said inventions, as set forth below.

NOW, THEREFORE, in consideration of the terms and conditions herein and other legally sufficient consideration, the receipt of which by the Assignor from the Assignee is hereby acknowledged, Assignor hereby sells, assigns, transfers, conveys and delivers to Assignee, all right, title and interest in and to the Patents, all inventions claimed therein, and any and all patents that may issue for said inventions in any jurisdiction throughout the world; together with all right, title and interest in and to said inventions and all patent applications and patents therefor in all countries and jurisdictions in which those patent applications and patents have been or may be filed, whether listed in Attachment A or not, including the full right to claim for any such applications all benefits and priority rights under any applicable convention or other applicable law; together with all right, title and interest in and to all continuations, continuations-in-part, divisions, renewals, reissues and extensions of any of the patent applications and patents described above; together with all rights to sue for and recover all damages, losses and expenses, including, but not limited to, a reasonable royalty, by reason of past, present, or future infringement or any other violation of any of the foregoing; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents.

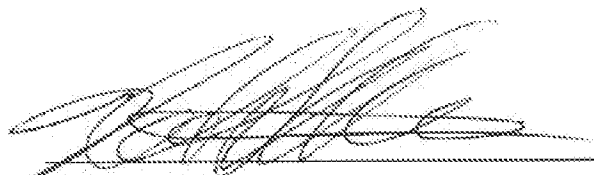

The Assignor hereby covenants and agrees, for both the Assignor and the Assignor's legal representatives, that the Assignor will assist the Assignee in the prosecution of the patent applications identified above; in the making and prosecution of any other patent applications that the Assignee may elect to make covering the inventions identified above; in vesting in the Assignee like exclusive title in and to all such other patent applications and patents; and in the prosecution of any interference or other proceeding that may arise involving said inventions, or any such patent applications or patents; and that Assignor will execute and deliver to Assignee any and all additional papers and do all lawful acts that may be requested by the Assignee to carry out the terms of this Assignment.

All patent registration organizations throughout the world and their officials, including the United States Commissioner of Patents and Trademarks, are hereby authorized and requested to issue patents to Assignee in accordance with the terms of this Assignment.

IN TESTIMONY WHEREOF, the Assignor has executed this Assignment.
