This Assignment of Intellectual Property is made by The Louis Berkman Company, an Ohio corporation, having its principal place of business at 330 N. 7th St., Steubenville, OH 43952 (the Assignor), to Meyer Products, LLC, a(n) Ohio corporation, having its principal place of business at 18513 Euclid Ave., Cleveland, OH 44112 (the Assignee) for the purpose of transferring ownership of various patents and trademarks.

A. ASSIGNMENT OF PATENTS

Assignor believes that he/she is the owner of the patents and patent applications identified in Appendix A (attached hereto) (the Patents). Assignor represents and warrants that he/she is the owner of the right, title, and interest in and to the Patents, having full right and power to convey his/her entire interest, both legal and equitable, in this Assignment. Assignor further represents and warrants that the rights transferred in this Assignment are free of lien, encumbrance, or adverse claim.

For valuable consideration, receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree as follows:

1. Assignor does hereby sell, assign, convey, and transfer to Assignee, its successors, assigns, nominees, or other legal representatives the full, exclusive, entire, worldwide rights, title, and interest in, to and under said Patents; also his/her entire right, title, and interest in and to any and all reissues or extensions to be obtained in this or any foreign country upon the Patents; and in and to all income, royalties, damages, claims, and payments now or hereafter due or payable with respect thereto; and in and to all causes of action, either in law or in equity, for past, present, or future infringement based on the Patents.
2. Assignor further agrees to execute all extension, reissue, and other patent applications in this or any foreign country relating to the Patents and to sign all other

lawful papers and to perform all other lawful acts without further consideration, but without expense to Assignor, which Assignee may deem necessary or desirable to make this Assignment fully effective, including, by way of example but not of limitation, the following acts:

- a. prompt execution of all lawful oaths, affidavits, and/or supplemental oaths required or deemed advisable by Assignee; and
- b. co-operation to the best of Assignor's ability in the execution of all lawful documents, the production of evidence, and the giving of testimony in interference, opposition, derivation, review, nullification, examination, re-examination, infringement, or other proceedings involving the Patents.

B. ASSIGNMENT OF TRADEMARKS

Assignor owns the marks listed in Appendix B, attached hereto and incorporated herein, (collectively referred to as the "Trademarks"). Assignor represents and warrants that he/she is the sole owner of the Trademarks and has all rights, title, and interest in and to the Trademarks and the power to enter into this Assignment. Assignor further represents and warrants that the Trademarks transferred in this Assignment are free of lien, encumbrance, or adverse claim.

For valuable consideration, receipt and sufficiency of which are hereby acknowledged, the Assignor and Assignee agree as follows:

1. Assignor does hereby sell, assign, and transfer to Assignee, its successors, and assigns, the entire right, title, and interest in and to the Trademarks, together with that portion of Assignor's business in connection with which Assignor has a bona fide intent to use those Trademarks that are the subject of currently pending applications, together with the goodwill of the business symbolized by the Trademarks; and in and to all income, damages, claims, and payments now or hereafter due or payable with respect thereto; and in and to all causes of action, either in law or in equity, for past, present, or

future infringement based on the Trademarks; and in and to all rights corresponding to the foregoing throughout the world.

2. Assignor agrees to execute all papers and to perform such other proper acts as Assignee may deem necessary to secure for Assignee or its designee the Trademarks herein assigned.

Assignor, intending to be legally bound, has signed this Assignment on the date written by the Assignor's signature below.
