ASSIGNMENT OF PATENTS

FOR GOOD AND VALUABLE CONSIDERATION,

The receipt of which is hereby expressly acknowledged, as of the effective date of July 30, 2015, **SUMMER CLASSICS, INC.** ("Assignor"), a corporation organized under the laws of the State of Delaware, does hereby agree to assign and do hereby sell, assign and transfer unto **GABRIELLA WHITE, LLC** ("Assignee"), a limited liability company organized under the laws of the State of Delaware, and its successors, assigns and legal representatives, the entire right, title and interest, for all countries, in and to certain patents and inventions set forth on Exhibit A hereto, and the invention(s) and improvement(s) set forth therein, any and all continuations, continuations-in-part, divisionals, and renewals of and substitutes for said application and their equivalents in foreign jurisdictions, including patent applications filed in foreign jurisdictions or under any international convention, all applications claiming priority to or the benefit of any of the foregoing (specifically including any Patent Cooperation Treaty Applications and any national phase filing thereof), and all the rights and privileges under any and all Patents that may be granted therefore in any country, and any reissues, or reexaminations, or extensions of patent granted from any of the above and their equivalents in foreign jurisdictions. Assignor requests that any and all Patents issuing from said applications be issued to said Assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.

Assignor agrees that, when requested, it will, without charge to said Assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said Assignee, its successors, assigns and legal representatives or nominees.

Assignor authorizes and empowers said Assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

Assignor hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of said Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

Assignor covenants with said Assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that we have full right to convey the same as herein expressed.

Assignor hereby authorizes the attorneys associated with Customer Number 23378 to insert all the application serial numbers for any and all applications and/or patents claiming benefit of or priority to U.S. any of the patents on Exhibit A and attach such serial numbers as an attachment to this Assignment of Patents, said attachment thereby being incorporated as a part of this Assignment of Patents.

IN WITNESS WHEREOF, Assignor has hereunto executed as follows:
